2. 2021 Incentive System

In compliance with the Bank of Italy provisions set forth in Circular 285, December 17th, 2013 (Section "Regulations on remuneration and incentive policies and practices of Banks and Banking groups") – 25° Update of October, 26, 2018, First Part, Title IV, Chapter 2, implementing the Capital Requirements Directive 2013/36/EU (CRD IV) and in line with the guidelines issued by European Banking Authority (EBA), FinecoBank defined compensation systems based on financial instruments in order to align shareholders and management interests, reward long-term value creation and share price appreciation and motivate and retain key resources of FinecoBank. For this purpose it was proposed the adoption of the Plan "**2021 Incentive System**" (hereinafter also "**2020 System**"), which provides for the allocation of an incentive – in cash and/or free Fineco ordinary shares – to be granted over a multi-year period, subject to the achievement of specific performance objectives.

There are no employees' categories to which different characteristics of the 2021 Incentive System apply.

2.2 The reasons for the adoption of the Plan

2.2.1 The targets which the parties intend to reach through the adoption of the plan

The 2021 Incentive System aims to attract, retain and motivate FinecoBank beneficiaries in compliance with the most recent national and international regulatory requirements with the aim to define – in the interest of all stakeholders – incentive systems in line with long-term Company strategies and goals, linked to the Bank's results, adjusted in order to consider all risks in coherence with capital and liquidity levels needed to cover the activities in place and, in any case, able to avoid misleading incentives that could drive to regulatory breaches or to assume excessive risks for the Bank and the system in its whole.

The 2021 Incentive System is compliant with FinecoBank Group Remuneration policy and with the national and international regulatory requirements providing for:

- the allocation of a variable incentive defined on the basis of the available bonus pool, individual performance evaluation, internal benchmark for specific roles and bonus cap as set by the Ordinary Shareholder's meeting;
- the definition of a balanced structure of "upfront" (done at the moment of performance evaluation) and "deferred payments", in cash and in shares;
- the payment in shares, coherently with the required share retention periods. In fact both upfront and deferred share payments are subject to 1 year retention period;
- risk-adjusted metrics in order to guarantee long-term sustainability with respect to the Company's financial position and to ensure compliance with the expectations of the Regulator;
- entry and malus condition regarding Fineco's capital, liquidity and profitability, as well as specific individual compliance and clawback clauses.

2.2.2 Key factors and performance indexes taken into account for the assignment of plans based on financial instruments.

Individual bonuses will be allocated on the basis of the available bonus pool, individual performance evaluation and internal benchmarking for specific roles.

Incentive pay-outs shall be made over a multi-year period (2022-2027) subject to continuous employment at each payment date as follows:

- payment in 2022 of the first cash instalment ("1st instalment") and the first tranche in FinecoBank free ordinary shares (with the applicable 1-year retention period), in absence of any individual/values compliance breach, considering also the gravity of any internal/external findings (e.g. Internal Internal Audit, Bank of Italy, Consob and/or other local authorities);
- over the period 2023-2027 the remaining amount of the overall incentive will be paid in several instalments in cash and/or FinecoBank free ordinary shares; each tranche will be subject to the application of the Zero Factor for the year of allocation and in absence of any individual/values compliance breach, considering also the gravity of any internal/external findings (e.g. Internal Internal Audit, Bank of Italy, Consob and/or other local authorities);
- shares allocation is subject to a 1-year retention period.

2.2.3 The factors assumed as basis for the determination of the compensation based upon financial instruments, or the criteria for the determination of the aforesaid compensation.

In the 2021 Incentive System the link between profitability, risk and reward is ensured by directly linking the bonus pool with Company results, cost of capital and the Bank's risk profiles as stated in the *Risk Appetite Framework*.

At this stage, the 2021 Incentive System does not state an exact indication of the value of free shares to be actually allocated to the beneficiaries, but rather it defines the maximum number of free shares to be issued with reference to the Plan. However, it establishes the criteria that the Board of Directors should follow, in the resolutions that after the Shareholders' Meeting approval will execute the Plan, to define the actual number of beneficiaries and the number of free shares to be granted.

The 2021 Incentive System provides that in 2022 the promise to pay the incentive in cash and shares will be formulated. The percentages of the payments in cash and shares are linked to the beneficiaries' categories as described hereafter.

The assessment of the "sustainable performance parameters" (entry and malus condition) and the risk-reward alignment are reviewed by the Remuneration Committee, by the Risk and Related Parties and defined by the Board of Directors.

Annex II

2.2.4 The reasons justifying the decision to assign compensation plans based on financial instruments not issued by FinecoBank, such as financial instruments issued by its subsidiaries, its parent companies or third parties; in the event the aforesaid financial instruments are not negotiated on regulated markets, the issuer shall provide information as to the criteria adopted for the calculation of the value attributable to such financial instruments

At this stage, the 2021 Incentive System does not envisage the allocation of similar financial instruments.

2.2.5 Considerations with respect to relevant tax and accounting implications, taken into account in the definition of the plans

The 2021 Incentive System design was not influenced by significant tax or accounting considerations.

2.2.6 The indication as to whether the plan benefits from the support of the Special Fund for encouraging worker participation in the companies, as provided for under Article 4, paragraph 112, of Law December 24 2003 n. 350

The 2021 Incentive System is not currently funded by the Special Fund for encouraging worker participation in the companies, as provided for under sect. 4, paragraph 112, of Law December 24, 2003 n. 350.

2.3 Plan approval process and timeframe for the assignment of the financial instruments

2.3.1 Powers delegated to the Board of Directors by the Shareholders' Meeting for the implementation of the plan

The Board of Directors, on January 19, 2021, approved the proposal related to the 2021 Incentive System to be submitted to the General Shareholder's Meeting called on April 28, 2021. Furthermore, the Board of Directors, in the same meeting, formulated the proposal to provide to the Board of Directors the delegation of power to carry out a free capital increase for the 2021 Incentive System, to be executed by 2026, with the possibility to submit to a future Shareholders' Meeting approval the proposal aimed at integrating this power to carry out a further capital increase for the 2021 Incentive System, in order to assign the last share instalment foreseen for 2027.

2.3.2 Indication of the individuals in charge of the management of the plan, their powers authority

FinecoBank's "*Human Resources*" is in charge of managing the 2021 Incentive System, as well as of defining Fineco's Compensation Policy.

2.3.3 Procedures for the amendment of the plan, if any, also in connection with potential variation of the original targets

FinecoBank keeps the power of amending and/or modify the 2021 Incentive System, and consequently its Guidelines, in case any regulatory changes will occur (for example with regard to labour law, tax law, company law, accountancy law, capital markets law, and/or with reference to the financial instruments discipline), and/or in case the regulations will be differently interpreted by the relevant authorities, and/or in case of any exceptional and unforeseeable event will have a relevant impact on FinecoBank Group, on the Company or on the market in which it operates.

The Board of Directors, heard the Remuneration Committee, can adequate the measurement of the performance targets and can apply further adjustments deemed necessary in order to take into account any operations that can have an impact on the stocks (such as, only as example, mergers, divisions, capital reductions through shares annulment due to losses, shares' nominal value reductions due to losses, capital increases, free or paid, offered with option rights to the shareholders as well as without option rights, to be freed also by mean of material contributions, grouping or fractioning of shares). In case of operations modifying FinecoBank capital, the Company can adequate the number of shares that can be awarded according to the System, applying the adjustment factors recommended by the Supervisory Authorities.

2.3.4 Description of the procedures for the determination of the availability and assignment of the financial instruments contemplated by the plan

The best solution identified to execute the 2021 Incentive System is to delegate to the Board of Directors, pursuant to sect. 2443 of the Civil Code, the faculty to increase share capital as described in the Director's Report presented to the Extraordinary Shareholders' Meeting called for on April 28, 2021 (in a single call).

In force of this delegation, the Board of Directors could resolve the following:

- to carry out a free capital increase, on one or more occasions and for a maximum period of five years starting from the date of the Shareholders' resolution, pursuant to Article 2349 of the Italian Civil Code, for a maximum amount of Euro 143,131.89 (to be allocated in full to share capital at Euro 0.33 per share, corresponding to the nominal value per share), corresponding to up to 433,733 FinecoBank ordinary shares, to be granted to employees of FinecoBank. Such an increase in capital shall be carried out using the special reserve known as "Provisions Linked to the Medium-Term Incentive System for the staff of FinecoBank" set up for this purpose, which, if necessary, may be restored or increased by allocating a portion of the Company profits or a portion of available statutory reserves, formed from the distribution of company profits that shall be identified by the Board of Directors at the moment of share issuance;

Annex II

- with reference to section 2443 of Civil Code that provides that Directors can exercise the right to carry out a free capital increase for a maximum period of five years starting from the date when the Shareholders' Meeting resolution providing the delegation of power was registered and therefore, until 2026, in order to assign the last share instalment provided for 2027 it will be necessary to submit to a future Shareholders' Meeting approval a proposal aimed at integrating the delegation of power already provided to the Board of Directors in order to complete the execution of the 2021 System.

The number of shares to be allocated in the respective instalments (as described at paragraph 2.4.1.) shall be defined in 2022 based on the arithmetic mean of the official market closing prices of Fineco ordinary shares during the month preceding the Board resolution that assesses 2021 performance results. The allocation of a maximum number of 541,828 FinecoBank free ordinary shares is proposed, representing about 0.09% of FinecoBank share capital, also considering a residual amount of FinecoBank ordinary shares for the possible hiring of *Identified Staff* from the market and/or severance.

Over the period 2023-2027 the remaining amount of the overall incentive will be paid in several instalments in cash and/or FinecoBank free ordinary shares; each tranche will be subject to the application of the Zero Factor for the year of allocation and in absence of any individual/values compliance breach, considering also the gravity of any internal/external findings (e.g. Internal Audit, Bank of Italy, Consob and/or other local authorities).

Share allocation is subject to a 1-year retention period.

2.3.5 The influence exercised by each director in the determination of the characteristics of the plans; the potential conflict of interest, which may trigger the obligation for the relevant director to abstain from exercising his vote in the relevant resolution

In the determination of the proposal submitted to the Shareholders' Meeting, the Board of Directors identified the essential characteristics of the 2021 Incentive System, unanimously approved, following the guidelines and criteria set out by FinecoBank's Remuneration Committee.

Since the Chief Executive Officer and General Manager of FinecoBank is among the potential beneficiaries of the 2021 Incentive System, he did not participate in the definition of the 2021 Incentive System.

2.3.6 The date on which the Board of Directors of FinecoBank resolved upon the assignment of the financial instruments contemplated by the plan

The Board of Directors, on January 19, 2021 approved the proposal related to the 2021 Incentive System to be submitted to FinecoBank Shareholders' Meeting.

Furthermore, in exercising the delegation received by the Shareholders' Meeting, as described in point 2.3.1, the Board of Directors will resolve in one or more occasions to allocate the financial instruments related to the 2021 Incentive System.

2.3.7 The date on which the Remuneration Committee resolved upon the Plan of FinecoBank

The Remuneration Committee on January 15, 2021 positively resolved upon the criteria and the methodology elaborated for the definition of the 2021 Incentive System, sharing the reasons and motivations.

2.3.8 The market price of Fineco ordinary shares, on the dates mentioned in points 2.3.6 and 2.3.7

The market price of Fineco ordinary shares, registered on the date the Board of Directors approved the 2021 Incentive System (January 19, 2021) is equal to € 13.490 and that of the date of the positive opinion released by the Remuneration Committee of FinecoBank (January 15, 2021) is equal to € 13.685.

2.3.9 In which terms and how FinecoBank takes into account, in the determination of the timeframe for the assignment of the plans, the possible time-coincidence between:

- i) such assignment or the decision, if any, adopted thereon by the Remuneration Committee, and
- ii) the dissemination of relevant information, if any, pursuant to sect. 114, paragraph 1 of Legislative Decree 58/98; for instance, in cases in which such information is:
 - a. not already public and capable to positively affect the market quotation, or
 - b. already published and capable to negatively affect the market quotation

In relation to the foregoing, is to be noted that the resolution of the Board of Directors that approved the proposal to be submitted to the Shareholders' Meeting, was communicated to the markets, in compliance with the current regulations. Similarly, further disclosure to the market, if required, will be made available upon any other following resolution adopted by the Board of Directors in relation to the 2021 Incentive System.

The resolutions related to the incentive plans based on financial instruments are first examined by the Remuneration Committee of FinecoBank in order to provide a positive opinion to the Corporate Bodies; the disclosure to the market occurs, if required, after the relevant resolution of the Board of Directors.

Annex II

2.4. The characteristics of the financial instruments assigned

2.4.1 Description of the compensation plan

Individual bonuses will be allocated on the basis of available bonus pool, individual performance evaluation and internal benchmarking for specific roles.

The final evaluation of sustainable performance parameters and risk-reward alignment will be reviewed by the Remuneration Committee and defined under the responsibility and governance of the Board of Directors.

The 2021 Incentive System provides that in 2022 the Board of Directors – once verified the achievement of the goals defined for 2021 – will define the percentage of payments in cash and shares established for each category of beneficiaries, as illustrated in the table below:

| | 2022 | 2023 | 2024 | 2025 | 2026 | 2027 |
|---|----------|------------|------------|------------------------|------------|------------------------|
| CEO/GM and other roles provided by law with a "significant amount" ² of variable pay | 20% cash | 20% shares | 12% cash | 12% shares | 12% shares | 12% cash 12% shares |
| Other roles provided by law ³ without a "significant amount" of variable pay | 25% cash | 25% shares | 10% cash | 10% shares | 10% shares | 10% cash 10% shares |
| Other Identified Staff without a "significant amount" of variable pay | 30% cash | 30% shares | 10% shares | 10% cash 10% shares | 10% cash | - |

The number of shares to be allocated in the respective instalments shall be defined in 2021, on the basis of the arithmetic mean of the official market closing prices of Fineco ordinary shares during the month preceding the Board resolution that evaluates the 2021 performance results. The maximum number of Fineco free ordinary shares to be issued within the 2021 System is estimated at 541,828 representing about 0.09% of FinecoBank share capital, also considering a residual amount of FinecoBank ordinary shares for the possible hiring of *Identified Staff* from the market and/or severance.

Pay-outs in shares comply with the applicable regulatory provisions in terms of holding period.

2.4.2 Indication of the time period for the implementation of the plan also indicating different cycles, if any, of its implementation

Incentive pay-outs shall be made over a multi-year period (2022-2027) in a balanced structure of upfront (following the moment of performance evaluation) and deferred payments, in cash and in shares, subject to what mentioned above and continuous employment at each date of payment. The free shares related to the 2021 Incentive System will be allocated by FinecoBank in multiple instalments (as shown in the table above) subject to the Board assessment in 2022 of achievement of the 2021 goals.

2.4.3 The termination date of the plan

The 2021 Incentive System will lapse by July 2027.

2.4.4 The overall maximum number of financial instruments, also in the form of options, assigned over any fiscal years with respect to the beneficiaries namely identified or identified by categories, as the case may be

The maximum number of Fineco free ordinary shares is estimated at 541,828, representing about 0.09% of FinecoBank share capital, also considering a residual amount of FinecoBank ordinary shares for the possible hiring of *Identified Staff* from the market and/or severance.

For the assignment of the last instalment of shares planned for 2027 it will be submitted to one of the future Shareholders' Meetings the proposed integration of the power of attorney, already provided to the Board of Directors, for a capital increase to complete the execution of the above mentioned 2021 System.

At this stage it is not possible to indicate the maximum number of free shares allocated in each fiscal year during the life of the 2021 Incentive System, since the actual definition will be carried out by the Board of Directors on the basis of the criteria approved by the Shareholders' Meeting.

² I.e. EUR 430,000, equal to 25% of the total remuneration of the Italian High Earners according to the latest EBA report available (Benchmarking and high earners report). The threshold includes both short-term and a pro-quota of the long-term variable remuneration and it is lower than 10x the average employee total remuneration. As required (Circolare 285/2013), such threshold is valid of 2019-2021.

³ Eg. For instance the first reporting line of the CEO and General Manager.

Annex II

2.4.5 The procedures and clauses for the implementation of the plan, specifying whether the assignment of the financial instruments is subject to the satisfaction of certain specific conditions and, in particular, to the achievement of specific results, including performance targets; a description of the aforesaid conditions and results

Bonus pool is defined as a percentage of the specific funding KPI (*Net Operating Profit*, net of *Provisions for Risk and Charges*, corresponding to *Profit Before Tax*), taking into consideration the "Entry Conditions" criteria assessment (based on the risk-adjusted forecasted results) and the risk assessment.

The Entry Conditions are the mechanism that determines the possible application of the *malus* clause (*Zero Factor*) on the basis of Fineco's performance indicators in terms of profitability, capital and liquidity. Based on final actual results, the 2021 bonus pool may be zeroed, while previous systems deferrals could be reduced by 50% to 100% of their value.

In order to align to regulatory requirements, if the set KPIs are not met, a *Zero Factor* will apply to the *Identified Staff* population, whereas for the rest of the population, a significant reduction will be applied. To be noted that a floor might be defined for retention purposes and in order to maintain the minimum pay levels needed to play in the market. In case *Zero Factor* is not activated, bonus pool adjustments will be applied within predefined ranges based on the assessment of performance and risk factors.

2.4.6 Indication of the restrictions on the availability of the financial instruments allocated under the plan or of the financial instruments relating to the exercise of the options, with particular reference to the time limits within which the subsequent transfer of the stocks to the issuer or third parties is permitted or prohibited

The 2021 Incentive System provides for the free FinecoBank ordinary shares that will be allocated to be freely transferable, considering the applicable regulatory requirements regarding the application of share retention periods, as described in section 2.2.1.

2.4.7 Description of any condition subsequent to the plan in connection with the execution, by the beneficiaries, of hedging transactions aimed at preventing the effects of potential limits to the transfer of the financial instruments assigned there under, also in the form of options, as well as to the transfer of the financial instruments relating to the exercise of the aforesaid options

In accordance with national regulatory guidelines and the 2021 Remuneration policy, beneficiaries are required to undertake not to use personal hedging strategies or remuneration and liability-related insurance to undermine the risk alignment effects embedded in their remuneration arrangements. Involvement in any form of hedging transaction shall be considered in breach of the Bank compliance policies and therefore the relevant rights under the plan shall automatically expire.

2.4.8 Description of the consequences deriving from the termination of the employment or working relationship

The 2021 Incentive System provides that the Board of Directors will have the faculty to identify, in the resolution that will execute the 2021 System, the termination of the working relationship between any beneficiary and the Bank, as cause for the expiring of the right to receive the free shares, coherently with the Plan rules.

2.4.9 The indication of any other provisions that may trigger the cancellation of the plan

The 2021 Incentive System does not provide for any provision that may trigger its cancellation.

2.4.10 The reasons justifying the redemption, pursuant to sect. 2357 and followings of the Italian Civil Code, by FinecoBank, of the financial instruments contemplated by the plan; the beneficiaries of such redemption, indicating whether the same is limited only to certain categories of employees; the consequences of the termination of the employment relationship with respect to such redemption rights

The 2021 Incentive System does not provide for the redemption by FinecoBank of the free shares.

2.4.11 The loans or other special terms that may be granted for the purchase of stocks pursuant to sect. 2358, paragraph 3, of the Italian Civil Code

The 2021 Incentive System does not provide for a loan or other special terms for the purchase of the shares.

2.4.12 The evaluation of the economic burden for FinecoBank at date of the assignment of the plan, as determined on the basis of the terms and conditions already defined, with respect to the aggregate overall amount as well as with respect to each financial instrument contemplated by the plan

The estimation of the overall cost expected by FinecoBank in relation to the 2021 Incentive System at the grant date of the free shares, was made on the basis of the IAS principles, considering the accounting assumptions on the probability to achieve the performance targets related to the allocation of the free shares.

On the basis of these estimations, the overall expected cost for FinecoBank (IAS cost) based on the effective performance conditions met, could be equal to € 4,703,557.88 to be split in 6 years. Nevertheless, at this stage it is not possible to define the exact cost in each year of life of the 2021 Incentive System, since the definition of the actual incentive to be allocated is subject to the Board of Directors resolution.

Annex II

2.4.13 The indication of any dilution on the corporate capital of the issuer resulting from the compensation plan, if any

The maximum impact of the 2021 Incentive System on FinecoBank share capital shall be approx. 0.09% if all free shares will be allocated employees.

2.4.14 Any limitation to the voting and to the economic rights

At this stage, the 2021 Incentive System does not provide for any limitation to the voting or economic rights of the shares allocated.

2.4.15 In the event the stocks are not negotiated on a regulated market, any and all information necessary for a complete evaluation of the value attributable to them

3.2 The reasons for the adoption of the Plan

3.2.1 The targets which the parties intend to reach through the adoption of the plan

The 2021 Incentive System PFA aims to retain and motivate beneficiary Advisors in compliance with the most recent national and international regulatory requirements with the aim to define – in the interest of all stakeholders – incentive systems in line with long-term Company strategies and goals, linked to the Bank's results, adjusted in order to consider all risks, in coherence with capital and liquidity levels needed to cover the activities in place and, in any case, able to avoid misleading incentives that could drive to regulatory breaches or to assume excessive risks for the Bank and the system in its whole.

The 2021 Incentive System PFA is compliant with FinecoBank Group Remuneration policy and with the national and international regulatory requirements providing for:

Annex II

- the allocation of a variable incentive defined based on available bonus pool, individual performance evaluation and bonus cap as set by the Ordinary Shareholder's meeting;
- a balanced structure of "upfront" (done at the moment of performance evaluation) and "deferred payments", in cash and in FinecoBank ordinary shares;
- payments in FinecoBank shares, coherently with the applicable regulatory requirements regarding the application of share retention periods. In fact the payment structure defined requires a retention period on Fineco shares (1 year for upfront shares and 1 year for deferred shares);
- risk-adjusted metrics in order to guarantee long-term sustainability with respect to the Company's financial position and to ensure compliance with regulatory expectations;
- entry and malus condition regarding Fineco's capital, liquidity and profitability , as well as specific individual compliance and clawback clauses are also provided.

3.2.2 Main factors and performance indexes taken into account for the assignment of plans based on financial instruments

Individual bonuses will be allocated based on the available bonus pool, the assessment of individual performance and internal benchmarking for specific roles.

Total incentive pay-out as defined will be made over a multi-year period (2022-2026), as indicated below and provided that the agency relationship of the beneficiaries is in place at the time of each payment:

- in 2022 the first instalment of the overall incentive ("1st instalment") will be paid in cash, in absence of any individual/values compliance breach, considering also the gravity of any internal/external findings (e.g. Internal Internal Audit, Consob and/or analogous local authorities);
- over the period 2023-2026 the remaining amount of the overall incentive will be paid in several instalments in cash and/or FinecoBank ordinary shares; each tranche will be subject to the application of the Zero Factor for the year of allocation and in absence of any individual/values compliance breach, considering also the gravity of any internal/external findings (e.g. Internal Internal Audit, Consob and/or analogous local authorities);
- the distribution of share payments takes into account the applicable regulatory requirements regarding the application of share retention periods.

3.2.3 The factors assumed as basis for the determination of the compensation based upon financial instruments, or the criteria for the determination of the aforesaid compensation

In 2021 Incentive System PFA the link between profitability, risk and reward is ensured by linking directly the bonus pool with Company results, cost of capital and risk profiles relevant for the Bank as stated in the *Risk Appetite Framework*.

At this stage, the 2021 Incentive System PFA does not contain an exact indication of the value of free shares to be actually allocated to the beneficiaries, but rather it defines the maximum number of the free shares to be issued within the Plan. The criteria that the Board of Directors should follow - in the resolutions that after the Shareholders' Meeting approval will execute the Plan- to define the actual number of beneficiaries and the number of free shares to be granted are already established.

The 2021 Incentive System PFA provides that in 2022 the promise to pay the incentive in cash and shares will be formulated.

The final evaluation of sustainable performance parameters (entry and malus condition) and risk-reward alignment are reviewed by the Remuneration Committee and by the Risk and Related Parties Committee and defined by the Board of Directors.

3.2.4 The reasons justifying the decision to assign compensation plans based on financial instruments not issued by FinecoBank, such as financial instruments issued by its subsidiaries, its parent companies or third parties; in the event the aforesaid financial instruments are not negotiated on regulated markets, the issuer shall provide information as to the criteria adopted for the calculation of the value attributable to such financial instruments

The 2021 Incentive System PFA does not contemplate the allocation of similar financial instruments.

3.2.5 The evaluations, with respect to the relevant tax and accounting implications, taken into account in the definition of the plans

The 2021 Incentive System PFA definition was not influenced by significant tax or accounting considerations.

3.2.6 The indication as to whether the plan enjoys any support from the Special Fund for encouraging worker participation in the companies, as provided for under Article 4, paragraph 112, of Law December 24, 2003 n. 350

The 2021 Incentive System PFA currently is not supported by the Special Fund for encouraging worker participation in the companies, as provided for under sect. 4, paragraph 112, of Law December 24, 2003 n. 350.

3.3.1 Powers delegated to the Board of Directors by the Shareholders' Meeting for the implementation of the plan

The Board of Directors, on January 19, 2021, approved the proposal related to the 2021 Incentive System PFA to be submitted to the General Shareholder's Meeting called on April 28, 2021. FinecoBank keeps the power of amending and/or modify the 2021 Incentive System PFA, and consequently its Guidelines, in case any regulatory changes will occur (for example with regard to labour law, tax law, company law, accountancy law, capital markets law, and/or with reference to the financial instruments discipline), and/or in case the regulations will be differently interpreted by the relevant authorities, and/or in case of any exceptional and unforeseeable event will have a relevant impact on FinecoBank Group, on the Company or on the market in which it operates.

The Board of Directors, heard the Remuneration Committee, can adequate the measurement of the performance targets and can apply further adjustments deemed necessary in order to take into account any operations that can have an impact on the stocks (such as, only as example, mergers, divisions, capital reductions through shares annulment due to losses, shares' nominal value reductions due to losses, capital increases, free or paid, offered with option rights to the shareholders as well as without option rights, to be freed also by mean of material contributions, grouping or fractioning of shares). In case of operations modifying FinecoBank capital, the Company can adequate the number of shares that can be awarded according to the System, applying the adjustment factors recommended by the Supervisory Authorities.

3.3.4 Description of the procedures for the determination of the availability and assignment of the financial instruments contemplated by the plan

To execute the 2021 Incentive System PFA, in 2022 the Board of Directors will define the number of shares to assign for the 2nd, 3rd and 4th instalments (as described in paragraph 3.4.1), based on the arithmetic mean of the official share closing price on each trading day at the electronic stock market organised and managed by Borsa Italiana S.p.A., during the month following the Board's resolution that assesses the 2021 performance results.

The maximum number of Fineco free ordinary shares is estimated at 203,773, representing about 0,03% of FinecoBank share capital that will be purchased from the market, after having received the necessary authorization of the Regulator.

Over the period 2023-2026 each instalments of shares assigned will be subject to the application of the *Zero Factor* for the year of allocation and in absence of any individual/values compliance breach, considering also the gravity of any internal/external findings (e.g. Internal Internal Audit, Consob and/or analogous local authorities).

Distribution of shares payments takes into account the applicable regulatory requirements regarding the application of retention periods.

3.3.5 The influence exercised by each director in the determination of the characteristics of the plans; the potential conflict of interest, which may trigger the obligation for the relevant director to abstain from exercising his vote in the relevant resolution

In the determination of the proposal submitted to the Shareholders' Meeting, the Board of Directors identified the essential characteristics of the 2021 Incentive System PFA, unanimously approved, following the guidelines and criteria elaborated by the Remuneration Committee of FinecoBank.

Since the Chief Executive Officer and General Manager of FinecoBank is not among the potential beneficiaries of the 2021 Incentive System PFA, he participated in the definition of this plan.

The Bonus pool is defined as a percentage of the specific funding KPI (*Net Operating Profit*, net of *Provisions for Risk and Charges*, corresponding to *Profit Before Tax*), taking into consideration the assessment of the "Entry Conditions" criteria (based on risk-adjusted forecasted results,) and risk and performance assessment.

The Entry Conditions are the mechanism that determines the possible application of the *malus* clause (*Zero Factor*) on the basis of performance indicators with respect to Fineco's capital, profitability and liquidity defined. In particular, the bonus pool of 2021 will be zeroed.

In order to align to regulatory requirements, in case set KPIs are not met, a *Zero Factor* will apply to the *Identified Staff* population whereas for the rest of the population, a significant reduction will be applied. In case the *Zero Factor* is not activated, bonus pool adjustments will be applied within respective ranges based on the assessment of performance and risk factors.

- specific individual compliance conditions, a specific claw-back clause and an employment continuity clause ;
- risk adjusted measures, in order to ensure the long term sustainability of the Company's financial position and to ensure compliance with the Authorities' expectations;
- individual bonuses in FinecoBank shares, defined taking into account the roles of the beneficiaries;
- a payment structure over a multi-year period, defined according to the categories of beneficiaries and in line with the regulatory provisions.

4.2.2 Key factors and performance indexes taken into account for the assignment of plans based on financial instruments.

The individual bonuses will be assigned in relation to Performance goals at Bank level such as ROAC, Net Sales of AUM, Cost Income Ratio, Cost of Risk on commercial loans, customer satisfaction, people engagement and ESG rating for all new funds. The performance targets assessment will be based on progressive thresholds, which will correspond to increasing percentages of bonuses from 0 to 100% with a linear progression.

The maximum number of shares to be allocated in the respective instalments – at the conditions stated above – will be defined in 2021, based on the arithmetic mean of the official closing market price of FinecoBank ordinary shares during the month preceding the Board resolution that will execute the Shareholders Meeting resolution related to the Plan.

The bonus will be paid starting from 2024, according to the provisions explained further in the document, the individual compliance conditions and the employment continuity being verified, the Entry or Malus Conditions being assessed and the risk adjustment being carried out.

Each bonus payout is subject to an individual claw-back clause.

4.2.3 The factors assumed as basis for the determination of the compensation based upon financial instruments, or the criteria for the determination of the aforesaid compensation.

At this stage, the 2021-2023 LTI Plan does not state an exact indication of the value of free shares to be actually allocated to the beneficiaries, but rather it defines the maximum number of free shares to be issued with reference to the Plan. However, it establishes the criteria that the Board of Directors should follow, in the resolutions that after the Shareholders' Meeting approval will execute the Plan, to define the actual number of beneficiaries and the number of free shares to be granted.

The 2021-2023 LTI Plan provides that in 2021 the promise to pay the incentive in cash and shares will be formulated. The percentages of the payments in cash and shares are linked to the beneficiaries' categories as described hereafter.

The assessment of the "sustainable performance parameters" (entry and malus condition) and the risk-reward alignment are reviewed by the Remuneration Committee, by the Risk and Related Parties and defined by the Board of Directors.

4.2.4 The reasons justifying the decision to assign compensation plans based on financial instruments not issued by FinecoBank, such as financial instruments issued by its subsidiaries, its parent companies or third parties; in the event the aforesaid financial instruments are not negotiated on regulated markets, the issuer shall provide information as to the criteria adopted for the calculation of the value attributable to such financial instruments

At this stage, the 2021-2023 LTI Plan does not envisage the allocation of similar financial instruments.

4.2.5 Considerations with respect to relevant tax and accounting implications, taken into account in the definition of the plans

The 2021-2023 LTI Plan design was not influenced by significant tax or accounting considerations.

Annex II

4.2.6 The indication as to whether the plan benefits from the support of the Special Fund for encouraging worker participation in the companies, as provided for under Article 4, paragraph 112, of Law December 24 2003 n. 350

The 2021-2023 LTI Plan is not currently funded by the Special Fund for encouraging worker participation in the companies, as provided for under sect. 4, paragraph 112, of Law December 24, 2003 n. 350.

4.3 Plan approval process and timeframe for the assignment of the financial instruments

4.3.1 Powers delegated to the Board of Directors by the Shareholders' Meeting for the implementation of the plan

The Board of Directors, on January 19, 2021, approved the proposal related to the 2021-2023 LTI Plan to be submitted to the General Shareholder's Meeting called on April 28, 2021. Furthermore, the Board of Directors, in the same meeting, formulated the proposal to provide to the Board of Directors the delegation of power to carry out a free capital increase for the 2021-2023 LTI Plan, to be executed by 2026, with the possibility to submit to a future Shareholders' Meeting approval the proposal aimed at integrating this power to carry out a further capital increase for the 2021-2023 LTI Plan, in order to assign the last three share instalments foreseen for 2027, 2028 and 2029.

4.3.2 Indication of the individuals in charge of the management of the plan, their powers authority

FinecoBank's "Human Resources" is in charge of managing the 2021-2023 LTI Plan, as well as of defining Fineco's Compensation Policy.

4.3.3 Procedures for the amendment of the plan, if any, also in connection with potential variation of the original targets

FinecoBank keeps the power of amending and/or modify the 2021-2023 LTI Plan, and consequently its Guidelines, in case any regulatory changes will occur (for example with regard to labour law, tax law, company law, accountancy law, capital markets law, and/or with reference to the financial instruments discipline), and/or in case the regulations will be differently interpreted by the relevant authorities, and/or in case of any exceptional and unforeseeable event will have a relevant impact on FinecoBank Group, on the Company or on the market in which it operates.

The Board of Directors, heard the Remuneration Committee, can adequate the measurement of the performance targets and can apply further adjustments deemed necessary in order to take into account any operations that can have an impact on the stocks (such as, only as example, mergers, divisions, capital reductions through shares annulment due to losses, shares' nominal value reductions due to losses, capital increases, free or paid, offered with option rights to the shareholders as well as without option rights, to be freed also by mean of material contributions, grouping or fractioning of shares). In case of operations modifying FinecoBank capital, the Company can adequate the number of shares that can be awarded according to the Plan, applying the adjustment factors recommended by the Supervisory Authorities.

4.3.4 Description of the procedures for the determination of the availability and assignment of the financial instruments contemplated by the plan

The best solution identified to execute the 2021-2023 LTI Plan is to delegate to the Board of Directors, pursuant to sect. 2443 of the Civil Code, the faculty to increase share capital as described in the Director's Report presented to the Extraordinary Shareholders' Meeting called for on April 28, 2021 (in a single call).

In force of this delegation, the Board of Directors could resolve the following:

- to carry out a free capital increase, on one or more occasions and for a maximum period of five years starting from the date of the Shareholders' resolution, pursuant to Article 2349 of the Italian Civil Code, for a maximum amount of Euro 283,511.58 (to be allocated in full to share capital at Euro 0.33 per share, corresponding to the nominal value per share), corresponding to up to 859,126 FinecoBank ordinary shares, to be granted to employees of FinecoBank. Such an increase in capital shall be carried out using the special reserve known as "*Provisions Linked to the Medium-Term Incentive System for the staff of FinecoBank*" set up for this purpose, which, if necessary, may be restored or increased by allocating a portion of the Company profits or a portion of available statutory reserves, formed from the distribution of company profits that shall be identified by the Board of Directors at the moment of share issuance;
- with reference to section 2443 of Civil Code that provides that Directors can exercise the right to carry out a free capital increase for a maximum period of five years starting from the date when the Shareholders' Meeting resolution providing the delegation of power was registered and therefore, until 2026, in order to assign the last three share instalments provided for 2027, 2028 and 2029 it will be necessary to submit to a future Shareholders' Meeting approval a proposal aimed at integrating the delegation of power already provided to the Board of Directors in order to complete the execution of the 2021-2023 LTI Plan.

The number of shares to be allocated in the respective instalments (as described at paragraph 4.4.1.) shall be defined in 2021 based on the arithmetic mean of the official market closing prices of Fineco ordinary shares during the month preceding the Board resolution that will execute the Shareholders' Meeting decision on the Plan. The allocation of a maximum number of 1,450,382 FinecoBank free ordinary shares is estimated, representing about 0.24% of FinecoBank share capital.

The maximum number of shares to be awarded following the achievement of the Entry Conditions, the risk adjustment and the assessment of the performance targets will be determined in 2024.

Annex II

Over the deferral period, each instalment of FinecoBank ordinary awarded will be subject to Malus conditions referring to the corresponding year (2024-2027), to the employment continuity condition and to the assessment of each beneficiary's behaviour in compliance with the code of conduct, considering also the gravity of any internal/external findings (e.g. Internal Audit, Bank of Italy, Consob and/or other local authorities).

For the Beneficiaries of the Plan included in Identified Staff a holding period on the shares is provided, according to the regulatory provisions in force.

4.3.5 The influence exercised by each director in the determination of the characteristics of the plans; the potential conflict of interest, which may trigger the obligation for the relevant director to abstain from exercising his vote in the relevant resolution

In the determination of the proposal submitted to the Shareholders' Meeting, the Board of Directors identified the essential characteristics of the 2021-2023 LTI Plan, unanimously approved, following the guidelines and criteria set out by FinecoBank's Remuneration Committee.

Since the Chief Executive Officer and General Manager of FinecoBank is among the potential beneficiaries of the 2021-2023 LTI Plan, he did not participate in the definition of the proposal.

4.3.6 The date on which the Board of Directors of FinecoBank resolved upon the assignment of the financial instruments contemplated by the plan

The Board of Directors, on January 19, 2021 approved the proposal related to the 2021-2023 LTI Plan to be submitted to FinecoBank Shareholders' Meeting.

Furthermore, in exercising the delegation received by the Shareholders' Meeting, as described in point 4.3.1, the Board of Directors will resolve in one or more occasions to allocate the financial instruments related to the 2021-2023 LTI Plan.

4.3.9 In which terms and how FinecoBank takes into account, in the determination of the timeframe for the assignment of the plans, the possible time-coincidence between:

- iii) such assignment or the decision, if any, adopted thereon by the Remuneration Committee, and
- iv) the dissemination of relevant information, if any, pursuant to sect. 114, paragraph 1 of Legislative Decree 58/98; for instance, in cases in which such information is:
 - c. not already public and capable to positively affect the market quotation, or
 - d. already published and capable to negatively affect the market quotation

In relation to the foregoing, is to be noted that the resolution of the Board of Directors that approved the proposal to be submitted to the Shareholders' Meeting, was communicated to the markets, in compliance with the current regulations. Similarly, further disclosure to the market, if required, will be made available upon any other following resolution adopted by the Board of Directors in relation to the 2021-2023 LTI Plan.

The resolutions related to the incentive plans based on financial instruments are first examined by the Remuneration Committee of FinecoBank in order to provide a positive opinion to the Corporate Bodies; the disclosure to the market occurs, if required, after the relevant resolution of the Board of Directors.

The maximum number of FinecoBank free ordinary shares to be issued within the 2021-2023 LTI Plan is estimated at 1,450,382 representing about 0.24% of FinecoBank share capital.

At this stage it is not possible to indicate the maximum number of free shares allocated in each fiscal year during the life of the 2021-2023 LTI Plan, since the actual definition will be carried out by the Board of Directors on the basis of the criteria approved by the Shareholders' Meeting.

4.4.5 The procedures and clauses for the implementation of the plan, specifying whether the assignment of the financial instruments is subject to the satisfaction of certain specific conditions and, in particular, to the achievement of specific results, including performance targets; a description of the aforesaid conditions and results

The estimation of the overall cost expected by FinecoBank in relation to the 2021-2023 LTI Plan at the grant date of the free shares, was made on the basis of the IAS principles, considering the accounting assumptions on the probability to achieve the performance targets related to the allocation of the free shares.

On the basis of these estimations, the overall expected cost for FinecoBank (IAS cost) based on the effective performance conditions met, could be equal to € 8,816,004.08 to be split over 7 years.
