- Banking fees expected with a slight decrease in FY25 due to new regulation on instant payments
- Brokerage: revenues expected to remain strong with a continuously growing floor thanks to the enlargement of our active investors. For 2025 we expect a record year for brokerage revenues
- Operating costs expected in FY25 at around +6% y/y, not including few millions of additional costs for growth initiatives in a range 5/10 mln (mainly: marketing, FAM and AI)
- Payout: for FY25 we expect a payout ratio in a range 70/80%
