Board of Statutory Auditors

Chairman	Gian-Carlo Noris Gaccioli
Standing Auditors	Barbara Aloisi Marziano Viozzi
Alternate Auditors	Federica Bonato Marzio Duilio Rubagotti

External Auditors

Deloitte & Touche S.p.A.

On March 24, 2014 Mr. Alfredo Michele Malguzzi submitted his resignation from the position of Board Director.

On April 15, 2014 the Ordinary Shareholders' Meeting of FinecoBank S.p.A. appointed the new management bodies of the Bank and the Board of Statutory Auditors.

Report on Operations

INTRODUCTION TO THE INTERIM REPORT AND ACCOUNTS

This Interim Report as at March 31, 2014 has been drawn up in accordance with the recognition and valuation criteria set out in the international accounting standards IAS/IFRS issued by the International Accounting Standards Board (IASB), including the SIC and IFRIC interpretation documents, approved by the European Commission as established by European Union Regulation no. 1606/2002 of July 19, 2012, implemented in Italy through Legislative Decree no. 38 of February 28, 2005.

Specifically, the interim report as at March 31, 2014 complies with the international accounting standard applicable to interim financial reports (IAS 34). Based on section 10 of IAS 34, the Bank has opted to prepare the Interim Financial Statements in an abbreviated form.

The Interim Report and Accounts include:

- the **Bank's Financial Statements**, presented with a comparison to those of 2013, in line with the instructions issued by the Bank of Italy in Circular no. 262 of December 22, 2005, as amended;
- the **Notes to the Accounts**

They are accompanied by the **Report on Operations**, which contains the condensed accounts and comments on the results for the period.

(Amounts in € thousand)

- (1) Ordinary loans and receivables with customers refer solely to loans granted to customers;
(2) Customer direct deposits include overdrawn current accounts, Supersave repos and the Cash Park deposit account;
(3) Indirect deposits from customers consist of products placed online or through the sales networks of FinecoBank.

KEY FIGURES**Operating Structure**

	03.31.2014	12.31.2013	03.31.2013
No. of Employees	967	965	936
No. of Human Resources	976	976	951
No. of Financial Advisers	2,479	2,438	2,356
No. of Operating financial outlets	315	311	298

Number of human resources: includes permanent employees, atypical employees, Directors and Group employees seconded to FinecoBank, net of FinecoBank employees seconded to the Group.

Number of operating financial stores: financial stores managed by the Bank and financial stores managed by financial advisers (Fineco Center).

Profitability, productivity and efficiency ratios

	03.31.2014	12.31.2013	03.31.2013
Net interest/Operating income	51.94%	48.68%	48.83%
Income from brokerage and other income/Operating income	48.06%	51.32%	51.17%
Income from brokerage and other income/Operating costs	106.20%	100.53%	99.05%
Cost/income ratio	45.26%	51.05%	51.66%
Operating costs/TFA	0.47%	0.45%	0.51%
Cost of risk	46 bp	83 bp	89 bp
ROE	36.92%	23.58%	32.71%
EVA	32,708	68,142	22,670
RARORAC	75.10%	39.38%	51.39%
ROAC	84.80%	49.25%	61.26%
Total customer deposits/Average resources	46,728	45,306	43,180
Total customer deposits/(Average resources + PFA)	13,279	13,056	12,482

(Amounts in € thousand)

Income from brokerage and other income: Net fees and commissions, Net trading, hedging and fair value income and Net other expenses/income.

Operating costs/TFA: ratio of operating costs to Total Financial Assets (direct and indirect deposits) Operating costs as at March 31, 2014 and March 31, 2013 have been annualized. The TFA used for the ratio is the average for the period calculated as the average between the period-end balance and the balance as at the previous December 31.

Cost of risk: ratio between net impairment losses on loans and the average loans and receivables with ordinary customers. net impairment losses on loans as at March 31, 2014 and March 31, 2013 have been annualized. Average ordinary customer loans were calculated as the average between the period-end balance and the balance as at the previous December 31.

ROE: the shareholders' equity used for the ratio is the average figure for the period excluding dividends to be distributed and revaluation reserves. The net profit for the period has been annualized.

EVA (Economic Value Added): expresses the ability to create value in monetary terms, as the difference between net operating profit and the figurative cost of the allocated capital.

RARORAC (Risk Adjusted Return on Risk Adjusted Capital): is the ratio of EVA to Allocated Capital and expresses the ability to create value by risk unit as a percentage.

ROAC (Return on Allocated Capital): is the ratio of Net Operating Profit and Allocated Capital and expresses the value generated by the Allocated Capital as a percentage. Allocated Capital: is the higher of internal capital (share of capital needed to cover risks, periodically provided by the Parent Company) and regulatory capital. The regulatory capital used to calculate the indicators EVA,

RARORAC and ROAC is calculated on a consolidated basis. To calculate the indicators as at March 31, 2014, the figure for internal capital is that at December 31, 2013, and is the latest available figure provided by the Parent Company.

Balance Sheet indicators

	03.31.2014	12.31.2013
Loans and receivables with ordinary customers/Total assets	2.11%	2.39%
Loans and receivables with banks/Total assets	93.29%	92.36%
Financial assets/Total assets	0.56%	0.55%
Direct deposits/Total liabilities and shareholders' equity	72.36%	70.80%
Debt securities in issue/Total liabilities and shareholders' equity	12.68%	13.13%
Shareholders' equity (including profit)/Total liabilities and shareholders' equity	2.49%	2.37%
Loans and receivables with ordinary customers/Customer direct deposits	2.92%	3.37%

Coverage - Doubtful loans	67.42%	67.43%
Coverage - Past-due impaired loans	45.53%	45.92%
Coverage - Total impaired loans	78.04%	77.66%

Solvency indicators

	03.31.2014	12.31.2013*
Common Equity Tier 1 ratio (CET1 ratio)	16%	12%
Total capital ratio	16%	12%

* The CET1 ratio and the Total capital ratio are calculated based on the Basel II RWAs. The Common Equity Tier 1 and the Total capital used for the calculations have been remeasured using the rules in force at 1 January 2014.

The CET1 ratio and the Total capital ratio as at March 31, 2014 were calculated by applying the current Basel III regulatory provisions.

Conversely, as at December 31, 2013, Common Equity Tier 1 and Total Capital used in the calculation were restated by applying the rules in force as at January 1, 2014, while RWA were calculated by applying the Basel II regulatory provisions, supplementing the Basel I floor total capital requirements, equal to the positive difference between 80% of the capital requirements calculated on the basis of the regulations in force as at December 31, 2006 and the sum of capital requirements for credit, counterparty, market and operational risks, calculated using the provisions of Basel II.

BUSINESS PERFORMANCE AND MAIN INITIATIVES IN THE PERIOD

FinecoBank is a direct bank operating in Italy providing banking and financial services and investment services, focused almost exclusively on the retail customer segment, which employs an integrated multi-channel service consisting of the financial advisers network, the online channel and the mobile channel.

In addition to consolidating its leadership position at domestic and European level in the trading segment, FinecoBank is the UniCredit group's Asset Gathering bank, with almost 2,500 personal financial advisers dedicated to customers who prefer to deal with professionals, focused on providing advice and asset management.

FinecoBank offers a full range of banking services (current account, payment services and issue of debit and credit cards) and investment services, including services of placement and trading of financial products. In particular, with regard to investment services, the Bank offers its customers, on one hand, an investment platform with approximately 5,000 mutual investment funds and SICAV sub-funds managed by 64 international and Italian investment houses and, the other hand, direct access to major global equity markets and the opportunity to invest in CFDs (on Forex, indices and shares), futures, options, bonds, ETFs and investment certificates.

Performance of balance sheet aggregates

Total (direct and indirect) customer deposits reached €45,607 million, as at March 31, 2014, with an increase of 4.6% compared to the end of 2013, thanks to net deposits of approximately €1 billion and a positive effect related to market performance of approximately €950 million. Indirect customer deposits (Assets under Management-AUM plus Assets under Custody-AUC) were equal to €32,355 million, compared to €31,088 million as at December 31, 2013, going up by 4.1%, confirming a constant growth trend, as well as an ongoing improvement in the quality of deposits.

AUC = Assets under custody
 AUM = Assets under management
 TFA = Total Financial Assets (direct and indirect deposits)

The table below shows the figures for the balance of direct deposits, assets under management and assets under administration of Fineco customers, including both those linked to a financial adviser and on-line customers.

Performance of income statement aggregates

Profit before tax amounted to €36.9 million (+36.6%).

Profit before tax increased sharply compared to the same period of the previous year, due to the improvement in the net interest margin (up €10 million) attributable to both the increase in volumes and the revision of the liquidity investment policies. Net commissions increased by 16%, thanks to the contribution of commissions on asset management products and the improvement in trading commissions as a result of the growth in the number of orders executed.

This continues the success of a strategy that for years has targeted diversification and the introduction of new products and services. Thanks to this positioning, customers have maintained and strengthened their relations with FinecoBank, because they have found all the products and services they need to diversify their operations and their investment and trading strategies, with the support of the related platform or through financial advisers.

Though there was a significant increase in commercial activities, other administrative expenses, net of indirect taxes and duties and "advertising expense – marketing and communication expenses", only increased by €2 million, reflecting the ongoing improvements in the efficiency of the operating structure and functions supporting the business.

Communications and external relations

The positioning of "La Banca che semplifica la banca" (The Bank that Simplifies Banking), launched in 2013, was also confirmed in the first quarter of 2014, and will be supported during the year with important communications flights.

The first flight was launched from January to February, featuring the slogan "Semplice come immaginare" (As simple as imagining), with the aim of solidifying the memories of the advertising implemented in 2013 and consolidating Fineco's brand awareness.

Two short product advertisements were also launched, for the Core Series and Amministrato, to further solidify its offering for investment target customers.

The communications strategy covered all the media, in particular television, with 70% of planning focused on information content. In addition to: radio, cinema, the economic and financial press, the web and social media.

An annual economic/financial press monitoring plan was also implemented, targeting all major publications, with the slogan Advice.

Running concurrently with this first communications flight, the Fineco&Friends Member Get Member campaign was also launched, which boosted the number of new accounts opened. The decision to schedule the communications

flight at the same time as the Member Get Member campaign resulted in an increase of 39% in accounts opened compared to the same period of the previous year.

Fineco is still the Italian bank with the most followers on Twitter – over 6,700 followers – while its fan page on Facebook recently surpassed the threshold of 20,000 fans, with very high levels of interaction and engagement.

(Amounts in € thousand)

Financial assets held for trading

Financial assets held for trading consist of:

- bonds and equities classified as HFT (held for trading), amounting to €65 thousand, held in the Bank's portfolio as a result of trading activity, and intended to be traded in the short term;
- the positive valuation of spot contracts for securities in the HFT portfolio and currencies to be settled in time frames established by market practices ("regular way") for €7.3 million, which correspond to negative valuations booked under item 40 "Financial liabilities held for trading";
- the positive valuation of CFDs on indices and Forex for €1 million.

CFDs on indices and currencies are "Over the counter" derivative contracts that require the payment of a differential generated by the difference between the opening and closing price of the financial instrument. The bank in operational terms covers the imbalance of customer positions, by underwriting futures on the indices underlying the CFDs on indices, or through Forex transactions with institutional counterparties to hedge CFD transactions in open currencies with customers' currency; consequently, the positive valuation booked under "Financial assets held for trading" more or less balanced the negative valuations booked under "Financial liabilities held for trading".

Loans and receivables with banks

	03.31.2014	12.31.2013	Changes	
			Amount	%

Total	17,084,534	16,330,912	753,622	4.6%

(Amounts in € thousand)

Loans and receivables with banks for current accounts and demand deposits mainly consist of accounts held with UniCredit S.p.A., with a book value of €10,334 million and to a lesser extent, by current accounts held with non-Group Banks for transactions in securities.

Time deposits recognized under assets consist of the deposit held with UniCredit S.p.A. for compulsory reserves, with a book value of €127 million, in addition to time deposits held with UniCredit S.p.A. of €3,468 million, opened to employ the funds collected through repurchase agreements and CashPark transactions with retail customers and repurchase agreements with credit institutions in the same time-frame.

In the item Other Loans, the item Other relates to the amount of the initial margins placed with credit institutions from derivative transactions as well as from current receivables associated with the provision of financial services.

The debt securities held in the portfolio are mainly represented by debt securities issued by the Parent Company, and amount to €3,073 million. They were subscribed in order to invest liquid funds and to be used for repurchase agreements with retail customers.

Loans and receivables with customers

	03.31.2014	12.31.2013	Changes	
			Amount	%
Current accounts	105,028	101,195	3,833	3.8%

Other loans	137,573	100,031	37,542	37.5%
Debt securities	1	1	-	0.0%
Total	669,141	641,250	27,891	4.3%

(Amounts in € thousand)

Loans and receivables with customers, amounting to €669 million, can essentially be broken down as follows:

- €387 million in loans to ordinary customers;
- €146 million in reverse repos;
- €70 million in collateral deposits, initial and variance margins with clearing houses for derivative transactions;
- €66 million relating to current receivables associated with the provision of financial services.

Reverse repos are represented by "Multiday leverage" transactions, securities lending transactions guaranteed by sums of money readily available to the lender and which are basically the equivalent of repos on securities.

Other loans mainly consist of collateral deposits, initial and variance margins with clearing houses for derivative transactions, mostly on behalf of third parties, as well as current receivables associated with the provision of financial services.

Loans and receivables with customers (Management reclassification)	03.31.2014	12.31.2013	Changes

Reverse repos - impaired	50	56	(6)	-10.7%
Collateral deposits and initial and variation margins	70,263	32,007	38,256	119.5%
Current receivables associated with the provision of financial services	65,912	66,598	(686)	-1.0%
Debt securities	1	1	-	0.0%
Total current loans and other loans	281,924	219,466	62,458	28.5%

The ordinary customer loan portfolio mainly consists of receivables for personal loans, current accounts and credit card use; overall, loans to ordinary customers decreased by 8.2%, due to less use of credit cards with full payment of the balance at term.

Impaired assets

The amount of impaired loans net of impairment losses was €4.8 million, €3.4 million of which in non-performing loans, €0.6 million in doubtful loans and €0.8 million in past-due loans. Impaired loans mostly relate to current account overdrafts, credit card use and personal loans.

Impaired customer loans represent 1.25% of loans and receivables with ordinary customers, up against the figure of 1.12% as at December 31, 2013 as a result of the reduction in loans for use of credit cards with full payment of the balance at term.

Categoria	Gross amount		Impairment provision		Net amount

Summary of hedging derivative valuations 03.31.2014

	Assets	Liabilities	Difference
Valuation of asset and liability hedging derivatives	96,516	112,595	(16,079)
Change in fair value of hedged assets/liabilities	36,250	20,171	16,079
Total	132,766	132,766	-

(Amounts in € thousand)

Hedged assets consist of receivables for personal loans due from retail customers and bonds issued by UniCredit S.p.A. belonging to the *Loans and Receivables* category.

Hedged liabilities refer to bonds issued by FinecoBank, entirely subscribed by the Parent Company and recognized as debt securities in issue.

Accruals relating to asset and liability hedging derivatives amount respectively to €2.1 million and €2.4 million, and are included in the net interest margin.

Positive and negative valuations of hedging derivatives relate solely to derivative contracts that the Bank has entered into to provide a macro-hedge against interest rate risk inherent in the above-mentioned assets and liabilities, whose income statement effect is zero.

Property, plant and equipment

As in previous financial years, investments in electronic machines were made to guarantee the ongoing update of the hardware used by all FinecoBank departments, and in particular by the IT department.

Investments in furniture, fittings and equipment are primarily intended for use in new financial stores.

Property, plant and equipment	Balance 01.01.2014	Investments as at 03.31.2014	Other Changes- Sales	Depreciation and write-downs as at 03.31.2014	Balance 03.31.2014

Goodwill

As at March 31, 2014 there were no indicators of impairment of the goodwill recorded in the financial statements. For all other information regarding impairment testing, carried out annually, see the Annual Report as at December 31, 2013.

As at March 31, 2014, the goodwill recorded in the financial statements was made up as follows:

	03.31.2014	12.31.2013
Goodwill relating to Fineco On Line Sim S.p.A.	16,087	16,087
Goodwill relating to the trading and banking division of Banca della Rete	2,034	2,034
Goodwill relating to PFA division formerly FinecoGroup S.p.A.	3,463	3,463
Goodwill relating to PFA division formerly UniCredit Xelion Banca S.p.A.	68,018	68,018
Total	89,602	89,602

(Amounts in € thousand)

Goodwill relating to Fineco On Line Sim S.p.A.

On April 3, 2001 the merger of Fineco On Line Sim S.p.A., the business division of Fineco Sim S.p.A., into FinecoBank was completed.

This merger was carried out on the basis of a share swap ratio of 3.7 shares of the acquiring company for each share of the acquired company, with a consequent increase in the share capital of FinecoBank. The difference between the increase in capital of the acquiring company and the amount of shareholders' equity of the acquired company gave rise to a share swap loss recorded under goodwill.

The balance, amounting to €16 million, is equal to the balance at January 1, 2004, the date of transition to IAS, plus the unamortized amount of the substitute tax, paid for recognition of the loss for tax purposes.

Goodwill relating to the Trading and Banking division of Banca della Rete

On September 1, 2003, FinecoBank acquired the "On-line Banking" and "On-line Trading" business divisions of Banca della Rete, as part of the business plan to rationalize the reorganization of Banca della Rete, in accordance with the directives of the then Parent Company Capitalia S.p.A..

The amount of €2 million recorded in the balance sheet is the same as the amount as at January 1, 2004, the date of transition to IAS.

Goodwill relating to PFA division formerly FinecoGroup S.p.A.

On October 1, 2005, FinecoBank acquired the Personal Financial Advisers business division from FinecoGroup S.p.A., which was created from the progressive merger of three different group networks: FinecoBank S.p.A., former Bipop Carire S.p.A. and Banca Manager S.p.A..

The transaction was carried out for a consideration mutually agreed by the parties and subject to a 'fairness opinion', leading to the recognition of €3.5 million of goodwill.

Goodwill relating to PFA division formerly UniCredit Xelion Banca S.p.A.

As a result of the merger of UniCredit Xelion Banca S.p.A. into FinecoBank on July 7, 2008, FinecoBank S.p.A. recorded goodwill of €68 million under intangible assets, arising from previous extraordinary transactions carried out by UniCredit Xelion Banca S.p.A., more specifically:

- Year 2000: acquisition of the personal financial advisers division, formerly Fida SIM, by UniCreditSIM, later merged into Xelion Sim S.p.A., which then became UniCredit Xelion Banca S.p.A.. The balance, amounting to €1 million, is equal to the balance at January 1, 2004, the date of transition to IAS;
- Year 2001: merger of UniCreditSIM into Xelion Sim S.p.A., which then became UniCredit Xelion Banca S.p.A.. The balance, amounting to €13.8 million, is equal to the balance at January 1, 2004, the date of transition to IAS;
- Year 2003: spin-off of the personal financial advisers division, formerly Credit, Rolo and CRT by UniCredit Banca to UniCredit Xelion Banca S.p.A.. The balance, amounting to €19.1 million, is equal to the balance at January 1, 2004, the date of transition to IAS;
- Year 2004: acquisition of the personal financial advisers division from Ing Italia. This transaction resulted in the recognition of goodwill of €34.1 million.

It should be noted that all the goodwill (totaling €90 million) relates to acquisitions of divisions or companies carrying out trading activities or the distribution of financial, banking and insurance products through personal financial advisers.

These activities have been fully integrated with FinecoBank's ordinary operations, as a result it is no longer possible to isolate the contribution of each company/business division from the Bank's overall income; this means that to establish the reasonableness of the value of goodwill recognized in the financial statements it is necessary to take account of the Bank's overall income. The cash generating unit (CGU) is therefore the Bank as a whole.

In fact, in view of the specific business model adopted by FinecoBank, which envisages a high level of integration between personal financial advisers and the trading and banking platform, the allocation of costs/revenues to the business units is not considered relevant or meaningful; the personal financial advisers network is an integral part of the overall offer, along with banking, brokerage and investing services.

Other intangible assets

Other intangible assets solely include purchases and the implementation of information technology procedures with useful lives of several years, required in order to manage the development and the constant offer of by the Bank of new and more versatile added value services for customers, as well as infrastructure and application optimizations, enhancements to architecture for application security, and the developments needed to meet the new regulatory requirements.

Total	170,281	256,629	(86,348)	-33.6%

(Amounts in € thousand)

The decrease in "Current tax assets" of €19.5 million is due to the use of the IRES and IRAP advances for taxes for the period.

With regard to the "Other assets", there was a decrease in "Items deemed definitive but not-attributable to other items", relating to lower tax credits for stamp duty to be collected from customers, and the "Tax items other than those recognized under the item Tax assets", as a result of the recognition of tax advances paid, as a withholding agent, for the stamp tax and withholding tax on other income.

Deposits from banks

	03.31.2014	12.31.2013	Changes	
			Amount	%

Total	1,590,439	1,648,675	(58,236)	-3.5%

(Amounts in € thousand)

The item current accounts and demand deposits mainly consists of reciprocal current accounts and loans with UniCredit group companies, with a book value of €20.4 million, as well as reciprocal current accounts and loans with banks outside the Group of €3.3 million.

Repos include €1,495 million of transactions performed with UniCredit S.p.A. and €9.3 million of transactions with UniCredit AG Monaco.

Deposits from customers and debt securities in issue

The balance of deposits from customers, mainly raised through current accounts, the Cash Park deposit account and Supersave repos, totaled €13,474 million, an increase of 5.8% compared to December 31, 2013.

(Amounts in € thousand)

Financial liabilities held for trading

Financial liabilities held for trading consist of:

- technical overdrafts classified under as *HFT (held for trading)*, held in the Bank's portfolio as a result of trading activity, for an immaterial amount;
- the negative valuation of spot contracts for securities in the HFT portfolio and currencies to be settled in time frames established by market practices ("regular way") for €7.2 million, which correspond to positive valuations booked under item 20 "Financial assets held for trading";
- the negative valuation of CFDs on indices and Forex for €0.7 million.

CFDs on indices and currencies are "Over the counter" derivative contracts that require the payment of a differential generated by the difference between the opening and closing price of the financial instrument. The bank in operational terms covers the imbalance of customer positions, by underwriting futures on the indexes underlying the CFDs on indices, or through Forex transactions with institutional counterparties to hedge CFD transactions in open currencies with customers' currency; consequently, the negative valuations booked under "Financial liabilities held for trading" more or less balanced the positive valuations booked under "Financial assets held for trading".

Provisions for risks and charges

Provisions for risks and charges include allowances for a total of €109 million, for which, given a liability of uncertain amount and expiry, a current obligation was identified as the result of a past event and it was possible to make a reliable estimate of the amount resulting from the fulfillment of said obligation.

The disbursements, with estimated maturity exceeding 18 months, were discounted to present value using a rate equal to the time value of money.

"Staff expenses" include the provisions made for the variable remuneration to be paid to employees in subsequent years, which have an uncertain due date and/or amount.

Total	184,969	231,623	(46,654)	-20.1%

(Amounts in € thousand)

With regard to the "Other liabilities", there was an increase in "Items in processing" relating to outgoing bank transfers, an increase in "Items deemed definitive but not-attributable to other items", relating to the settlement of credit card

transactions and a reduction in "Tax items other than those recognized under the item Tax liabilities", as a result of the recognition of the tax payable to the tax authorities for stamp tax and for withholding tax on current account interest, acting as a withholding agent.

Shareholders' equity

As at March 31, 2014, the Bank's share capital came to €200 million, and was divided into 606,274,033 shares with a par value of €0.33 each. Reserves are represented by the legal reserve, amounting to €28.8 million, and the extraordinary reserve, amounting to €98.7 million and unavailable retained earnings, for an amount of €0.2 million.

The Bank does not hold any treasury shares in the portfolio.

Shareholders' equity as at March 31, 2014 included the 2013 profit before tax of €85.2 million, which the Shareholders' Meeting of April 15, 2014 decided to allocate as follows:

- €4.3 million to the legal reserve;
- €58.9 million to the extraordinary reserve;
- €20 million, equal to €0.033 per share, to the sole shareholder;
- €2 million to charitable donations.

Total capital ratio	16%	12%

(Amounts in € thousand)

* The CET1 ratio and the Total capital ratio are calculated on the bases of the Basel II RWAs. The Common Equity Tier 1 and Total Capital used for the calculation have been remeasured using the rules in force at 1 January 2014.

Total capital as at March 31, 2014 amounted to €316 million, substantially unchanged compared to December 31, 2013.

The CET1 ratio and the Total capital ratio as at March 31, 2014 were calculated by applying the current Basel III regulatory provisions.

Conversely, as at December 31, 2013, Common Equity Tier 1 and Total Capital used in the calculation were restated by applying the rules in force as at January 1, 2014, while RWA were calculated by applying the Basel II regulatory provisions, supplementing the Basel I floor total capital requirements, equal to the positive difference between 80% of the capital requirements calculated on the basis of the regulations in force as at December 31, 2006 and the sum of capital requirements for credit, counterparty, market and operational risks, calculated using the provisions of Basel II.

¹It should be noted that the first report based on Basel 3 (CRD IV – CRR) is to be sent to the Supervisory Authority by June 30, 2014. Consequently the amounts and capital ratios contained in this document may change.

*(Amounts in € thousand)***Net interest margin**

The net interest margin as at March 31, 2014 came to €58.3 million, an increase of 20.6% on the same period of 2013. It is important to note that, from January 1, 2014, the liquidity investment policies of the UniCredit group applied by the Bank were revised, also in order to consider the actual duration of the deposits of each Company. Specifically, the parameters and algorithms used to define the portion of direct deposits on demand that may be considered "Core", which feature greater duration/stability, and the "Non Core" portion were updated. Liquidity classified as "Core" with duration exceeding one year was considered entirely be a source of medium/long-term structural financing. The rate of return on core deposits is increased by a spread calculated as the average of the spreads paid by UniCredit on the market on the total amount of medium/long-term senior bonds issued, irrespective of their maturity. In the past the spread was calculated as the weighted average of the spreads paid by UniCredit on the market on time deposits, equal to the average estimated life associated with the various components of "Core" liquidity.

The table below details the conditions as at December 31, 2013 and as at March 31, 2014 for the investment of liquidity deriving from current account deposits, showing an increase in average returns.

- personal loans	2,192	2,391	(199)	-8.3%
- other loans	41	27	14	51.9%

(Amounts in € thousand)

Interest income on loans and receivables with banks amounted to €67.2 million and was unchanged compared to the same period of the previous year.

Despite the fact that interest income remained substantially unchanged compared to the same period of the previous year, it is important to note the reduction in interest from time deposits and the increase in interest on current accounts.

The reduction of €20.8 million in the former is partly due to the decline in volumes and partly to the change in market rates, which steadily decreased during 2013. However, in the first quarter of 2013 interest was boosted by the positive effect of the operations launched in 2012 and concluded in the first few months of 2013.

The increase in interest income on current accounts is partly attributable to the growth in volumes and partly to the revision of the liquidity investment policies of the UniCredit group, mentioned above, which had a positive impact on the Bank's net interest margin.

Interest income on loans and receivables with customers amounted to €7 million, showing an increase of 7.5% thanks to higher interest on current account credit lines and "Leva multiday" securities lending transactions guaranteed by sums of money.

The following table provides a breakdown of interest expense related to banks and customers:

Breakdown of interest expense	03.31.2014	03.31.2013	Changes	
			Amount	%
Interest expense on deposits from banks	(1,671)	(3,361)	1,690	-50.3%
- current accounts	(30)	(21)	(9)	42.9%
- other loans	(7)	(6)	(1)	16.7%
- reverse repos	(1,634)	(3,334)	1,700	-51.0%
Interest expense on deposits from customers	(14,836)	(24,557)	9,721	-39.6%
- current accounts	(4,014)	(4,722)	708	-15.0%
- demand deposits	(14)	(19)	5	-26.3%
- time deposits	(9,906)	(17,949)	8,043	-44.8%
- reverse repos	(902)	(1,867)	965	-51.7%

(Amounts in € thousand)

Interest expense on deposits from banks amounted to €1.7 million, down by €1.7 million compared to the same period of the previous year, attributable to lower interest accrued on repos due to the reduction in volumes and the decrease in market rates.

Interest expense on deposits from customers came to €14.8 million, down by €9.7 million compared to March 31, 2013, due to a reduction in volumes and in the rate of return on "Cash Park" time deposits.

Other Services	939	987	(48)	-4.9%
Total	47,718	41,169	6,549	15.9%

(Amounts in € thousand)

Net fees and commissions amounted to €47.7 million, increasing by 15.9% compared to the same period of the previous year.

This increase was mainly attributable to the increase in net fees and commissions from trading and asset management, UCIT units and discretionary accounts, thanks to the increase in assets under management and securities trading and order collection commissions, as a result of the increase in the number of orders executed.

Net trading, hedging and fair value income is mainly determined from gains realized from securities trading and CFDs. The decrease of €1.9 million is attributable to lower profits from securities trading and CFD Forex, partially offset by greater profits from trading on CFD on indices.

(Amounts in € thousand)

Following the issue of the 2nd update of Bank of Italy Circular no. 262 of January 21, 2014, employee severance fund payments to other defined contribution funds were booked under "payments to supplementary pension funds", previously booked to the item "severance pay".

To enable a like-for-like comparison, 2013 data were also reclassified.

Payroll costs as at March 31, 2014 show an increase of 2.8%.

Note that item "costs related to share-based payments", refers to the costs incurred by FinecoBank for share-based payments involving financial instruments issued by UniCredit S.p.A..

To correctly assess the development of administrative costs they must be analyzed in conjunction with the recovery of expenses, and the contributions of "Indirect taxes and duties" and "Advertising expenses – marketing and communication" must be separated out from "Other administrative expenses".

(Amounts in € thousand)

Indirect taxes and duties net of Recovery of taxes increased by €0.3 million, mainly attributable to the amount of "Tobin Tax" paid on transactions executed by the Bank on its own behalf.

Advertising – marketing and communication expenses decreased by €3.3 million, due to lower investments in advertising planned and implemented in the first quarter of 2014 compared to the first quarter of 2013.

There was an increase of €2 million compared to the previous year in other administrative expenses net of indirect taxes and duties, recovery of taxes and advertising expenses – marketing and communication.

This increase is attributable to higher charges incurred for rentals, linked to the increase in the number of Fineco Centers and cost of living (ISTAT) adjustments, greater expenses for financial advisers, as a result of the boost in recruitment which began in 2012 and continued throughout 2013. This resulted in higher costs for trade association dues and fees mainly owing to the increase in charges for the ENASARCO association and the FIRR termination

compensation fund, due to the increased number of advisers and the commissions used as the basis for determining dues.

These were in addition to legal expenses and consultancy for strategy, business development and organizational optimization, linked to the listing project pertaining to the first quarter of 2014.

Impairment losses on intangible assets relate mainly to the amortization of the costs incurred for computer software with a long-term useful life and did not show any significant change with respect to the previous year.

Impairment losses on tangible assets refer to the depreciation applied to electronic machines, plant and machinery, furniture and fittings. These increased by €0.2 million on the previous year, mainly due to greater depreciation applied to electronic machines.

Profit (loss) before tax from continuing operations

	03.31.2014	03.31.2013	Changes	
			Amount	%
Operating profit (loss)	61,486	47,894	13,592	28.4%
Net impairment losses on loans and provisions for guarantees and commitments	(465)	(790)	325	-41.1%
Net operating profit (loss)	61,021	47,104	13,917	29.5%
Provisions for risks and charges	(3,373)	(2,706)	(667)	24.6%
Profit before tax	57,648	44,398	13,250	29.8%

(Amounts in € thousand)

Net impairment losses on loans decreased by €0.3 million compared to March 31, 2013.

Provisions for risks and charges increased by €0.7 million on the same period of 2013, owing to greater provisions made for customer complaints, mainly linked to alleged illegal conduct by personal financial advisers.

Profit before tax amounted to €57.6 million, increasing by 29.8% on March 31, 2013 due to the positive contribution from the net interest margin as a result of the revision of the liquidity investment policies of the UniCredit group, mentioned above, and from net fees and commissions, owing to the increase in commissions deriving from assets under management and securities trading and order collection commissions.

Income tax for the period

Breakdown of taxes for the year	03.31.2014	03.31.2013	Changes	
			Amount	%
Current IRES income tax charges	(14,882)	(12,695)	(2,187)	17.2%

Total deferred tax liabilities	(1,044)	19	(1,063)	-5594.7%
Gain from substitute tax exemption	(111)	(111)	-	-
Income tax for the period	(20,722)	(17,374)	(3,348)	19.3%

(Amounts in € thousand)

Current income taxes were calculated according to the legal provisions introduced by Legislative Decree no. 38 of February 28, 2005, issued following the incorporation of IAS/IFRS into Italian legislation and of Decree no. 48 of April 1, 2009, which established provisions for the implementation and coordination of tax requirements for IAS Adopter parties.

Law no. 2/2009 introduced the option, through the payment of a substitute tax, to recalculate the tax deductible amounts of goodwill. On the instructions of the Parent Company, in 2008 FinecoBank realigned the goodwill recognized following the merger of UniCredit Xelion Sim into UniCredit Xelion Banca S.p.A..

The redeemed goodwill may be amortized off the books for an amount not exceeding one ninth for 2010 and one tenth from 2011 onwards.

In 2008, the tax benefit expected from the future deductibility of off-the-book amortization, corresponding to €4 million, was recognized in the accounts. A tenth of this amount will be recognized through profit or loss for each year of the tax deduction of tax-related amortization of goodwill.

For the three-year period 2013–2015, FinecoBank, in its capacity as consolidated company, was subject to "national tax consolidation", as established by Legislative Decree no. 344 of 12/12/2003, which was carried out by the Parent Company, UniCredit S.p.A..

Net Profit (Loss) for the period

Net profit for the period came to €36.9 million, an increase of 36.6% on the previous year due to the increase in the net interest margin and net fees and commissions, as mentioned above.

TRANSACTIONS WITH GROUP COMPANIES

The following table provides a summary of outstanding assets, liabilities, guarantees and commitments as at March 31, 2014 in relation to Group companies.

	<i>Assets</i>	<i>Liabilities</i>	<i>Guarantees and commitments</i>
Transactions with the Parent Company UniCredit S.p.A.	17,168,969	3,873,901	266,070
Transactions with companies controlled by UniCredit S.p.A.	18,888	22,933	-

SUBSEQUENT EVENTS AND OUTLOOK

OUTLOOK

As part of the examination aimed at identifying suitable tools and procedures to optimize the value of FinecoBank's business, on proposal by the Board of Directors, the Shareholders' Meeting of April 15, 2014 approved the proposal to list the ordinary shares of FinecoBank on the "Mercato Telematico Azionario" and, as a result: (i) the filing with Borsa Italiana S.p.A. of the request for the admission to list ordinary shares of the Company on the "Mercato Telematico Azionario" organized and managed by Borsa Italiana S.p.A., and (ii) the concurrent filing with CONSOB of the communication for the purpose of obtaining authorization to publish the Prospectus relating to the public offering and listing of its shares.

Over the years, among other successes, FinecoBank has created a unique business model that combines an efficient, innovative online platform with a network of top-level financial advisers, increased the range and quality of its products and services, maintained and strengthened its leading role in terms of technological know-how and innovation, and, more generally, confirmed and strengthened its position on its market of operation through gradual, steady growth. In this scenario, the listing is a necessary step in the Company's targeted growth actions. The expansion of the shareholding structure as a result of the listing will increase the visibility of the Bank's business model, thereby raising its standing in the market, also due to the participation of domestic and international professional investors in the share capital, accelerating the Bank's process of growth.

Following the launch of the plan to list FinecoBank, the Board of Directors' meeting of April 15, 2014 approved the new FinecoBank Strategic Plan 2014-2018, previously submitted to the Board at the meeting of March 10, 2014 and approved by the UniCredit Board of Directors on March 11, 2014. This new plan was revised to take account of the new liquidity investment policy from April 1, 2014, the costs relating to the incentive system for employees and personal financial advisers and the costs pertaining to the listing process.

As part of the listing process, the Board of Directors' meeting of March 27, 2014 approved the main guidelines for the liquidity investment policy, in force from April 1, 2014. Specifically, UniCredit securities with maturities from 2 years and 10 months to 7 years and 6 months were purchased, to be included in "Core" stable liquidity. These types of investment were selected in consideration of the overall structure of the Bank's financial statements and in order to optimize its liquidity risk profile. Liquidity classified as unstable "Non Core", with a nominal value of €1.5 billion, was invested in Italian government securities and at the same time derivative contracts were entered into, to change the fixed rate to a variable rate in order to comply with previously approved rate risk limits.

The table below shows the conditions as at April 10, 2014 for the investment of liquidity deriving from current account deposits.

Type of investment	04.10.2014

The term "cash and cash balances" means cash recorded under item 10 of assets "cash and cash balances" and the liquid assets recorded under item 60 of assets "Loans and receivables with banks" (consisting of current accounts and deposits maturing within 3 months) net of the equivalent liquid liabilities recorded under item 10 of liabilities "Deposits from banks" (represented by current accounts and deposits maturing within 3 months).

Notes to the Accounts²

² The following conventional symbols have been used in the tables:
a dash (-) indicates that the item/figure is inexistent or that the figure do not reach the minimum considered significant;
“X” indicates an item not to be completed according to Bank of Italy Circular n. 262/2005

PART A – ACCOUNTING POLICIES

A.1 GENERAL

Section 1 - Statement of Compliance with IFRS

This Interim Financial Statements for the three months period ended at March 31, 2014 have been prepared in accordance with the recognition and valuation criteria set out in the International Financial Reporting Standards (“IFRS”) issued by the International Accounting Standards Board (IASB), including the SIC and IFRIC interpretation documents, as endorsed by the European Commission pursuant to the European Union Regulation no. 1606/2002 of July 19, 2012, implemented in Italy through Legislative Decree no. 38 of February 28, 2005.

Specifically, the Interim Financial Statements as at March 31, 2014 have been prepared according to IAS 34 – *Interim financial reporting*. Based on paragraph 10 of IAS 34, the Interim Financial Statements have been prepared in a condensed form.

Section 2 - Preparation criteria

As stated above, these Interim Financial Statements have been prepared in accordance with the IFRS endorsed by the European Commission.

The Interim Financial Statements have been prepared in a condensed form and therefore should be read in conjunction with the Annual Financial Statements as at December 31, 2013.

The Interim Financial Statements comprise the Balance Sheet, the Income Statement, the Statement of Comprehensive Income, the Statement of Changes in Shareholders’ Equity, the Cash Flow Statement, compiled using the indirect method, (the “Accounts”), and these explanatory Notes.

All figures in the Accounts are provided in euros and in thousands of euros in the Notes, unless when otherwise indicated.

With reference to IAS 1, these Interim Financial Statements have been prepared on a going concern basis, as there are no doubts or uncertainties as to the Bank’s ability to continue its business operations and to continue operating for the foreseeable future (at least for the next 12 months).

The measurement criteria adopted are therefore consistent with this assumption and with the principles of accrual based accounting, the relevance and materiality of accounting information, and the prevalence of economic substance over legal form. These criteria have not changed compared to the previous year, with the exception of accounting standards, amendments and interpretations which have become applicable on January 1, 2014 as discussed in the subsequent Section 4 – Other Matters of the Notes.

Section 3 - Subsequent events

As part of activities to identify suitable methods and procedures for fully valuing the operations of FinecoBank, the Shareholders’ Meeting, as proposed by the Board of Directors, in the meeting of April 15, 2014, approved the proposal to admit ordinary shares of FinecoBank for trading on the Mercato Telematico Azionario (electronic stock market) and consequently: (i) the filing with Borsa Italiana S.p.A. of the request for the admission to list ordinary shares of the

Company on the "Mercato Telematico Azionario" organized and managed by Borsa Italiana S.p.A., and (ii) the concurrent filing with CONSOB of the communication for the purpose of obtaining authorization to publish the Prospectus relating to the public offering and listing of its shares.

Over the years, among other successes, FinecoBank has created a unique business model that combines an efficient, innovative online platform with a network of top-level financial advisers, increased the range and quality of its products and services, maintained and strengthened its leading role in terms of technological know-how and innovation, and, more generally, confirmed and strengthened its position on its market of operation through gradual, steady growth. In this scenario, the listing is a necessary step in the Company's targeted growth actions. The expansion of the shareholding structure as a result of the listing will increase the visibility of the Bank's business model, thereby raising its standing in the market, also due to the participation of domestic and international professional investors in the share capital, accelerating the Bank's process of growth.

Following the launch of the plan to list FinecoBank, the Board of Directors' meeting of April 15, 2014 approved the new FinecoBank Strategic Plan 2014-2018, previously submitted to the Board at the meeting of March 10, 2014 and approved by the UniCredit Board of Directors on March 11, 2014. This new plan was revised to take account of the new liquidity investment policy from April 1, 2014, the costs relating to the incentive system for employees and personal financial advisers and the costs pertaining to the listing process.

As part of the listing process, the Board of Directors' meeting of March 27, 2014 approved the main guidelines for the liquidity investment policy, in force from April 1, 2014. Specifically, UniCredit securities with maturities from 2 years and 10 months to 7 years and 6 months were purchased, to be included in "Core" stable liquidity. These types of investment were selected in consideration of the overall structure of the Bank's financial statements and in order to optimize its liquidity risk profile. Liquidity classified as unstable "Non Core", with a nominal value of €1.5 billion, was invested in Italian government securities and at the same time derivative contracts were entered into, to change the fixed rate to a variable rate in order to comply with previously approved rate risk limits.

On April 15, 2014, FinecoBank's Board of Directors, in line with best practices and recommendations of the Corporate Governance Code for Listed Companies and with a view to continuing its remuneration strategy - adopted a remuneration system focused on incentives and the retention and motivation of its top management (i.e. Senior Managers and Employees of the Company who, due to the importance and critical nature of their role, as well as their expertise and potential, may impact the economic results and sustainability of the company) and Financial Advisers.

In particular, the following plans were approved:

1) Group Incentive System – Executive Vice President & Above and Group Incentive System – Senior Vice President & Below

The "Group Incentive System - GIS" has been adopted for several years by the Parent Company UniCredit, and targets Senior Managers of the Group and its subsidiaries, and thus includes key people at FinecoBank. These plans provide incentives in the form of money or the free assignment of shares to beneficiaries.

The Parent Company has identified some changes to make to the incentive system for 2014, which will be submitted to the Shareholders' Meeting for approval and concern, inter alia, the possibility of the Company being listed on the

Stock Exchange. In particular, with reference to GIS beneficiaries who work for FinecoBank, the changed incentive system will assign shares of the Company to these beneficiaries.

2) *2014 - 2017 Multi-year Plan – Top management*

This is a stock grant plan, subject to the listing of the ordinary shares of the Company, with the free assignment of new issue shares of the Company to beneficiaries, for a total number that will be determined at the end of the Global Offering on the basis of the Offering Price and notified to persons concerned. The above shares will be granted to beneficiaries in 4 annual installments, of which the first on completion of the listing and the subsequent ones in 2015, 2016 and 2017. The shares granted as above will vest over a three-year period (in 2017 for the first installment, and in 2020 for the fourth), subject to the following conditions: (i) the beneficiary is still employed by the Company; (ii) the beneficiary has observed internal and external regulations in force; (iii) long-term sustainability, in terms of the Company's profitability and solidity, verified during the vesting period, prior to each redemption, has been maintained.

3) *“2014 Plan – Key people”*

This is a stock grant plan for Senior Managers and Employees of the Company who, due to the importance and critical nature of their role, as well as their expertise and potential, may, in the Company's opinion, have an impact on the profitability and sustainability of FinecoBank. This plan, which is subject to the listing of the ordinary shares of the Company, provides for the free assignment of new issue shares of FinecoBank to beneficiaries, for a total number which will be determined at the end of the Global Offering on the basis of the Offering Price and notified to persons concerned. The shares determined as above will vest in favor of beneficiaries in 3 annual installments, of which the first in 2015 and the last in 2017 (vesting period), unless the Board of Directors decides a longer vesting period only for beneficiaries who are "key persons" (as defined by the Regulations of the Bank Italy concerning incentives and remuneration). Vesting is subject to the following conditions: (i) the beneficiary is still employed by the Company; (ii) the beneficiary has observed internal and external regulations in force; (iii) long-term sustainability, in terms of the Company's profitability and solidity, verified during the vesting period, prior to each redemption, has been maintained.

Shares for the plans as of points 1), 2) and 3) will be issued pursuant to gratuitous capital increases in accordance with Article 2349 of the Italian Civil Code. The maximum number of shares that may be granted pursuant to the above plans is 4,200,000. The dilution effect for shareholders is calculated as a maximum of 0.69% of the fully diluted capital.

4) *“2014 Plan - PFA”*

This is a stock incentive plan for financial advisors of the Company, with the exception of financial advisors beneficiaries of network entry incentives during 2014.

This plan, which is subject to the listing of ordinary shares of the Company, sets an amount, in favor of beneficiaries, of FinecoBank ordinary shares, with the total number determined on the basis of the average market prices registered by the FinecoBank share in the 30 days of trading prior to the shares being assigned to beneficiaries. This assignment (and consequent notice to beneficiaries of the number of shares set) will take place in 2015, following approval of the 2014 draft financial statements, and is subject to the Company's entire network of financial advisors and individual beneficiaries meeting their performance targets in 2014. The shares will vest in favor of beneficiaries in 3 annual installments, of which the first in 2015 and the last in 2017 (vesting period), unless the Board of Directors selects a longer vesting period only for beneficiaries who are "key persons" of the network (as defined by the Regulations of the

Bank Italy concerning incentives and remuneration), if provided for by applicable regulations. Vesting is subject to the following conditions: (i) long-term sustainability, in terms of the Company's profitability and solidity, verified during the vesting period, prior to each redemption, has been maintained; (ii) the beneficiary acts as agent for the Company; (iii) the beneficiary has observed internal and external regulations in force.

The maximum value of shares to be allocated to the 2014 PFA Plan is €14,953,000.

5) "2015 - 2017 Plan - PFA"

This is a stock grant plan for financial advisors of the Company's network, including – from January 1, of the year after the year when entry incentives have expired – financial advisors who received entry incentives over the 2015 - 2017 period.

This plan, which is subject to the listing of the ordinary shares of the Company, sets an amount, in favor of beneficiaries in proportion to the duration of the involvement of each beneficiary in the plan, of ordinary shares of the Company, with the total number determined on the basis of the average market prices registered by the FinecoBank share in the 30 days of trading prior to the shares being assigned to beneficiaries. This assignment (and consequent notice to beneficiaries of the number of shares thus determined) will take place in 2018, following approval of the 2017 draft financial statements, and is subject to the Company's entire network of financial advisors and individual beneficiaries meeting their performance targets over the 2015-2017 period.

The shares will vest in favor of beneficiaries in 3 annual installments, of which the first in 2018 and the last in 2020 (vesting period), unless the Board of Directors decides a longer vesting period only for beneficiaries who are "key people" of the network (as defined by the Regulations of the Bank Italy concerning incentives and remuneration), if provided for by applicable regulations. Vesting is subject to the following conditions: (i) long-term sustainability, in terms of the Company's profitability and solidity, verified during the vesting period, prior to each redemption, has been maintained; (ii) the beneficiary acts as agent for the Company; (iii) the beneficiary has observed internal and external regulations in force.

The maximum value of shares to be allocated to the 2015 - 2017 PFA Plan is €19,969,000.

Shares to be allocated to the plans as of points 4) and 5) will be purchased by the Company on the market on the basis of an authorization by the Shareholders' Meeting pursuant to Article 2357 of the Italian Civil Code.

No significant events occurred after March 31, 2014 that would make it necessary to change any of the information given in the interim Financial Statements.

The interim condensed Financial Statements as at March 31, 2014 were approved by the Board of Directors on May 8, 2014.

Section 4 - Other Matters

Accounting standards, amendments and interpretations adopted from January 1, 2014

The following accounting standards, amendments and interpretations have become effective for reporting periods beginning on or after January 1, 2014, and, where applicable, did not have an effect on the financial position and performance of the Bank:

- IAS 27 revised – Separate Financial Statements (EU Regulation 1254/2012);
- IAS 28 revised - Investments in Associates and Joint Ventures (EU Regulation 1254/2012);
- IFRS 10 - Consolidated Financial Statement (EU Regulation 1254/2012);
- IFRS 11 - Joint Arrangements (EU Regulation 1254/2012);
- IFRS 12 - Disclosure of Interests in Other Entities (EU Regulation 1254/2012);
- Amendments to IAS 36 – Recoverable Amount Disclosures for Non-Financial Assets (Commission Regulation (EU) 1374/2013);
- Amendments to IAS 39 – Novation of Derivatives and Continuation of Hedge Accounting (Commission Regulation 1375/2013);
- Amendments to IFRS 10, IFRS 11 and IFRS 12 – Transition Guidance (Commission Regulation 313/2013);
- Amendments to IFRS 10, IFRS 12 and IAS 27 – Investment Entities (Commission Regulation 1174/2013).

Risks and uncertainties related to the use of estimates

In the application of the accounting policies the management is required to make judgments, estimates and assumptions about the carrying amounts of certain assets and liabilities as well as the information regarding potential assets and liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimated figures have been used for the recognition of some of the largest value-based items in the Interim Financial Statements at March 31, 2014, as required by the accounting standards and regulations described above. These estimates are largely based on calculations of future recoverability of the values recognized in the accounts according to the rules laid down in current legislation and have been made on the assumption of a going concern, i.e. without contemplating the possibility of the forced sale of the items measured.

The processes adopted support the carrying values at March 31, 2014.

Valuation is particularly complex given the uncertainty of the macroeconomic and market situation, characterized by the significant volatility of financial indicators used in the valuation process and still high levels of credit impairment.

The parameters and information used to check the above-mentioned values are therefore significantly affected by such factors, which could change rapidly in ways that are currently unforeseeable, such that further effects on future carrying values cannot be ruled out.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Uncertainty affecting estimates is generally inherent in the determination of:

- fair value of financial instruments not listed in active markets;
- receivables, and in general, all other financial assets/liabilities;
- severance pay (Italy) and other employee benefits;
- provisions for risks and charges;
- goodwill;

- deferred tax assets;
- tax liabilities.

This is because the quantification of these items is mainly influenced by the performance of the financial markets, which affect interest rates, price fluctuations, actuarial assumptions and, more generally, the creditworthiness of borrowers and counterparties, as well as the progress and development of ongoing or potential litigation.

A.2 THE MAIN ITEMS OF THE ACCOUNTS

Accounting principles and policies applied for main financial statement line items are consistent with those used for the annual Financial Statements as of December 31, 2013 (Part A.2 of the Notes) the reader should refer.

A.3 DISCLOSURE ON TRANSFERS BETWEEN PORTFOLIOS OF FINANCIAL ASSETS

A.3.1 Reclassified financial assets: book value, fair value and effects on comprehensive income

The amendments to IAS 39 and to IFRS 7 "Reclassification of financial assets" approved by the IASB in 2008 make it possible to reclassify certain financial assets, after their initial recognition, out of the HfT and AfS portfolios.

In particular, the following may be reclassified:

- those HfT or AfS financial assets that would have satisfied the definition specified by IFRS for the loan portfolio (if such assets were not classified as HfT or AfS respectively on initial recognition) if the entity intends, and is able, to hold them for the foreseeable future or until maturity;
- "only in rare circumstances" those HfT financial assets which, at the time of their recording, did not satisfy the definition of loans.

FinecoBank has not reclassified any financial assets from the "held-for-trading" or the "available-for-sale" portfolios to the loan portfolio.

A.3.2 Reclassified financial assets: Impact on comprehensive income before transfer

No data to report.

A.3.3 Transfer of financial assets held for trading

No data to report.

A.3.4 Effective interest rate and cash flows expected from reclassified assets

No data to report.

A.4 INFORMATION ON FAIR VALUE

Qualitative information

With reference to the qualitative information on fair value, the reader should refer to the annual Financial Statements as of December 31, 2013 (Part A.4 of the Notes).

Quantitative information

The following tables show, for assets and liabilities that are measured at fair value on a recurring basis, the level of the fair value hierarchy (Level 1, 2 or 3) within which the fair value measurement are categorized in their entirety, the amount of any transfers between level 1 and level 2, as well as the reconciliation from the opening balances to the closing balances for fair value measurement categorized within Level 3.

The level of the fair value hierarchy within which classes of assets and liabilities that are not measured at fair value in the balance sheet, but for which fair value is disclosed, is also provided in table A.4.5.4.

A.4.5 Fair Value Hierarchy

A.4.5.1 Assets and liabilities measured at fair value on a recurring basis: breakdown by level of fair value

(Amounts in € thousand)

As from 2014, short-term (less than 12 months) loans and receivables with banks and customers and deposits from banks and customers, for which fair value has been approximated as being equal to the book value have been categorized into level 3 of the fair value hierarchy. As at December 31, 2013, they were categorized into level 2.

Key:

L1 = Level 1

L2 = Level 2

L3 = Level 3

BV = Book Value

A.5 DAY ONE PROFIT/LOSS

The value at which financial instruments are recognized is equal to their fair value on the same date.

The fair value of financial instruments, other than those measured at fair value through profit or loss, at the date of their initial recognition is usually assumed to be equal to the amount collected or paid. For financial instruments held for trading and for financial instruments measured at fair value, any difference from the amount collected or paid is recognized in the appropriate line items of the income statement.

3. Units in investment funds.	-	-	-	-	-	-
4. Loans	-	-	-	-	-	-
Total	91,560	-	5	89,910	-	5

(Amounts in € thousand)

Equity instruments carried at cost refer to investments in which the Bank does not exercise control or have a significant influence, for an amount equal to €5 thousand. These instruments are not listed, therefore the fair value may not be reliably determined.

Other debt securities are issued by the Italian government, for a book value of €81,353 thousand (€79,871 thousand as at December 31, 2013) and by the French government, for a book value of €10,207 thousand (€10,039 thousand as at December 31, 2013).

Debt securities classified in the *Available-for-sale* portfolio are entirely used as collateral for bankers' drafts or guarantees with third parties.

Key

FV = fair value

BV = book value

Loans and receivables with banks for current accounts and demand deposits mainly consist of accounts held with UniCredit S.p.A., with a book value of €10,333,613 thousand (€9,415,098 thousand as at December 31, 2013), and to a lesser extent, of current accounts held with other banks not belonging to UniCredit group for transactions in securities.

Time deposits consist of the deposit held with UniCredit S.p.A. (the Parent Company) for mandatory reserve, with a book value of €126,920 thousand (€124,028 thousand as at December 31, 2013), in addition to time deposits held with UniCredit S.p.A., with a book value of €3,468,237 thousand (€3,439,306 thousand as at December 31, 2013), in order to invest liquidity collected through repo transactions and CashPark accounts with retail customers and through repo transactions with credit institutions, with the same time-frame.

Debt securities held in the portfolio mainly consist of debt securities issued by the Parent Company, and amount to €3,072,539 thousand (€3,322,523 thousand as at December 31, 2013). They were subscribed in order to invest liquidity and to be used for repo transactions with retail customers.

At the reporting date there were no impaired assets with respect to banks.

Total	8,055	89,602	8,014	89,602

(Amounts in € thousand)

Other information - Goodwill

Goodwill relates to buy-outs of divisions or companies engaged in trading activities or the distribution of financial, banking and insurance products through personal financial advisers. These activities have been fully integrated with FinecoBank's ordinary operations, as a result it is not possible to isolate the contribution of each company/business division from the Bank's overall income; this means that to establish the reasonableness of the value of goodwill recognized in the financial statements it is necessary to take account of the Bank's overall income.

The cash generating unit (CGU) is the Bank as a whole. In fact, in view of the specific business model adopted by FinecoBank, which envisages a high level of integration between personal financial advisers and the trading and banking platform, an allocation of costs/revenues for business units is not considered relevant or meaningful; the personal financial advisers network is an integral part of the overall offer, which includes banking, brokerage and investing services.

As regards the impairment test, which is carried out annually, as at March 31, 2014 no indicators of an impairment of goodwill recognized in the financial statements have been identified. The main assumptions used in the impairment test carried out with reference to December 31, 2013 were analyzed, in qualitative terms, considering in particular

changes in forecasts used in that test following the approval by the Board of Directors on April 15, 2014 of the new Business Plan for the period 2014-2018, which was already approved by the Board in the meeting held on March 10, 2014 (and also approved by the Board of Directors of UniCredit S.p.A. on March 11, 2014). The Business Plan has been revised to take into account the effects of the new liquidity investment policy as from April 1, 2014, costs relative to the new incentive system for employees and financial advisers and costs relative to the listing process.

Based on the results of those qualitative analysis, the result of the impairment test as at December 31, 2013 is also confirmed with reference to March 31, 2014. For all other information on the impairment test, reference should be made to the Financial Statements as at December 31, 2013.

Section 13 - Tax Assets and Tax Liabilities - Asset item 130 and liability item 80

Current tax assets and current tax liabilities

<i>Asset/Amount</i>	<i>03.31.2014</i>	<i>12.31.2013</i>
Current tax assets	6,413	25,264

14.3 Share capital: other information

Ordinary shares have a nominal value of €0.33.

The shares are not subject to any right, privilege or constraint; there are no shares reserved for issue under option and sales contracts.

14.4 Reserves of profit: other information

Reserves are represented by the legal reserve, amounting to €28,800 thousand, the extraordinary reserve, amounting to €98,744 thousand, and other reserves, which include the unavailable retained earnings, amounting to €171 thousand and the profit of the year 2013, equal to €85,216 thousand.

Section 15 - Other information

1 Guarantees given and commitments

<i>Transactions</i>	<i>03.31.2014</i>	<i>12.31.2013</i>
1) Financial guarantees given	306,857	306,815
a) Banks	306,033	306,033
b) Customers	824	782
2) Commercial guarantees given	4	4
a) Banks	4	4
b) Customers	-	-
3) Irrevocable commitments to lend funds	318,467	178,000
a) Banks	80	28,028
i) certain to be called on	80	28,028
ii) not certain to be called on	-	-
b) Customers	318,387	149,972
i) certain to be called on	318,387	149,972
ii) not certain to be called on	-	-
4) Commitments underlying credit derivatives: protection sales	-	-
5) Assets given as collateral for third-party obligations	-	-
6) Other commitments	-	-
Total	625,328	484,819

(Amounts in € thousand)

Financial guarantees given to banks include 5 guarantees issued on request of UniCredit S.p.A., with indefinite duration, for a total amount of €256,065 thousand, the guarantee requested for UniCredit for transactions on foreign markets, for €10,000 thousand, and the commitment with the National Interbank Deposit Guarantee Fund (FITD), for €39,968 thousand.

Irrevocable commitments to lend funds refer to spot contracts for securities to be settled in times established by market practices ("regular way").

2. Assets given as collateral for own liabilities and commitments

Portfolios	03.31.2014	12.31.2013
1. Financial assets held for trading	-	-
2. Financial assets at fair value through profit or loss	-	-
3. Available-for-sale financial assets	-	-
4. Held-to-maturity investments	-	-
5. Loans and receivables with banks	211,832	188,989
6. Loans and receivables with customers	-	-
7. Property, plant and equipment	-	-
Total	211,832	188,989

(Amounts in € thousand)

Assets given as collateral for own liabilities and commitments in sub-item 5. "Loans and receivables with banks" refer to bonds issued by UniCredit S.p.A., classified in the *Loans and Receivables* category, subscribed by the Bank in order to conduct reverse repos with the obligation for the buyer to resell the activities object of the transaction at the end of the transaction; bonds are given as collateral for the entire duration of the reverse repos.

FinecoBank has also used debt securities issued by governments as collateral for bankers' drafts or guarantees with third parties in relation to transactions on foreign markets: In particular, the Bank has used bonds issued by the Italian and French Governments, classified as *Available-for-sale assets*, for a book value of €91,560 thousand (€89,910 thousand as at December 31, 2013). Securities are used as collateral until the Bank decides to stop the transactions for which the collateral or guarantees are granted.

3. Information on operating leases

With regard to outstanding non-cancellable leases, the future payemnts amount to:

- €4,708 thousand up to twelve months;
- €1,851 thousand from one to five years.

There are no sub-leases in place.

PART C - INCOME STATEMENT**SECTION 1 - INTEREST INCOME AND EXPENSE - ITEMS 10 AND 20***1.1 Interest income and similar revenues: breakdown*

Items/Type	Debt securities	Loans	Other transactions	01.01.2014-	01.01.2013-

(Amounts in € thousand)

SECTION 20 – Other information*1.1 Designation of Parent Company*

UniCredit S.p.A.

Rome Register of Companies

Registered in the Register of Banking Groups and Parent Company of the UniCredit Banking Group with code 2008.1

1.2 Registered Office of Parent Company

Registered Office: Rome, Via A. Specchi, 16 -

Head Office: Milan, Piazza Cordusio

SECTION 21 - Earnings per share*21.1 Average number of diluted shares*

Basic earnings per share are calculated by dividing the net profit of the period by the average number of ordinary shares outstanding during the period (the number of ordinary shares outstanding is the same during all the periods presented).

As at March 31, 2014 there were no transactions in place resulting in a dilutive effect on earnings per share.

	<i>01.01.2014-03.31.2014</i>	<i>01.01.2013-03.31.2013</i>
Net profit for the period (€ thousands)	36,926	
Average number of outstanding shares	606,274,033	606,274,033
Earnings per share (basic and diluted)	0.06	0.04

On April 15, 2014, FinecoBank's Board of Directors - in line with best practices and recommendations of the Corporate Governance Code for Listed Companies and with a view to continuing its remuneration strategy – resolved to adopt a remuneration system focused on incentives and the retention and motivation of its top management (i.e. Senior Managers and Employees of the Company who, due to the importance and critical nature of their role, as well as their expertise and potential, may impact the economic results and sustainability of the company) and Financial Advisers, as described in Part A - Section 3 - Subsequent events of the Notes.

Plans described in points 1), 2) and 3) of Part A - Section 3 - Subsequent events, will be settled with Company shares from free capital increases pursuant to Article 2349 of the Italian Civil Code. The maximum number of shares that could be assigned in execution of the above plans is 4,200,000. The dilution effect for shareholders arising from those free capital increases used in execution of the stock granting plans is calculated as a maximum of 0.69% of the fully diluted capital.

PART E - INFORMATION ON RISKS AND HEDGING POLICIES

In order to ensure lean and efficient management of risks, the risk management process is structured in accordance with the organizational choices made by the Group and the provisions of the Supervisory Instructions for Banks pertaining to the internal control system.

Risk management and control is performed by the Risk Management function of FinecoBank in collaboration with the same function of the Parent Company, which performs its role of guidance, coordination and control of risks at Group level.

The CRO Department is responsible for credit operations and Risk Management. The disclosure, at various levels, is provided by the Strategic Bodies and Officers (Managing Director, Board of Directors, Risk Committee). In relation to the Basel II Pillar 2 instructions, reputational and business risk and, in collaboration with the CFO, liquidity risk are also monitored and reported.

The CRO and (CFO) are responsible for proposing the Risk Appetite and setting risk management strategies and policies, in line with the Bank's strategies and objectives, coordinating and monitoring their implementation by the units responsible, also in the various company areas.

The CRO Department ensures the control of the Bank's overall risk profile monitoring the various types of exposure, in accordance with the methods established by the Parent Company.

The Risk Management Unit prevents and monitors different components of Bank risks. The function specifically controls credit, market and operational risks to which the Bank is exposed. The Risk Management function also monitors business, reputational and liquidity risk. The Risk Management Unit supports the CRO, in the area of responsibility of the Department, in monitoring and reporting to the Strategic Bodies and Officers.

The corporate governance structure for operational risk involves the establishment of the Risks Committee, which defines the strategies for the mitigation and assessment of all types of risk, within the directives issued by the Parent Company, and approves and validates the internal procedures and operating manuals for operational risk.

Lastly, the participation by the Chief Risk Officer and Head of Risk Management in the Products Committee ensures oversight of the operational risk associated with the Bank's new business activities, as well as creating and disseminating a risk culture in the various functional areas.

For further information on the risks to which the Bank is exposed (credit risk, market risk, liquidity risk, operational risk and other risks), and relative hedging policies, reference should be made to Part E of the notes to the Financial Statements as at December 31, 2013.

With particular reference to credit risk, quantitative information concerning the Bank's credit quality is given below.

Section 1 – Credit Risk

Quantitative information

A. Credit quality

A.1 Impaired and performing loans: amounts, write-downs and changes

A.1.1 Breakdown of financial assets by portfolio and credit quality (carrying value)

Portfolio/quality	Non-performing loans	Doubtful loans	Restructured loans	Past-due impaired loans	Past-due non-impaired loans	Other assets	Total
1. Financial assets held for trading	-	-	-	-	-	8,383	8,383
2. Available-for-sale financial assets	-	-	-	-	-	91,560	91,560
3. Held-to-maturity investments	-	-	-	-	-	-	-
4. Loans and receivables with banks	-	-	-	-	-	17,084,534	17,084,534
5. Loans and receivables with customers	3,368	619	-	836	22,174	642,144	669,141
6. Financial assets at fair value through profit or loss	-	-	-	-	-	2,368	2,368
7. Financial instruments classified as held for sale	-	-	-	-	-	-	-
8. Hedging derivatives	-	-	-	-	-	94,436	94,436
Total March 31, 2014	3,368	619	-	836	22,174	17,923,425	17,950,422
Total December 31, 2013	3,277	673	-	781	18,662	17,167,763	17,191,156

(Amounts in € thousand)

As at March 31, 2014 there were no impaired purchased loans.

A.1.2 Breakdown of credit exposures by portfolio and credit quality (gross and net values)

Portfolio/quality	Impaired assets			Performing			Total (net exposure)
	Gross exposure	Specific impairment	Net exposure	Gross exposure	Portfolio impairment	Net exposure	
1. Financial assets held for trading	-	-	-	X	X	8,383	8,383
2. Available-for-sale financial assets	-	-	-	91,560	-	91,560	91,560
3. Held-to-maturity investments	-	-	-	-	-	-	-
4. Loans and receivables with banks	-	-	-	17,084,534	-	17,084,534	17,084,534
5. Loans and receivables with customers	21,959	(17,136)	4,823	671,795	(7,477)	664,318	669,141
6. Financial assets at fair value through profit or loss	-	-	-	X	X	2,368	2,368
7. Financial instruments classified as held for sale	-	-	-	-	-	-	-
8. Hedging derivatives	-	-	-	X	X	94,436	94,436
Total March 31, 2014	21,959	(17,136)	4,823	17,847,889	(7,477)	17,945,599	17,950,422
Total December 31, 2013	21,174	(16,443)	4,731	17,065,063	(7,722)	17,186,425	17,191,156

(Amounts in € thousand)

As at March 31, 2014, there were no performing loans to customers renegotiated under collective agreements and no impaired purchased loans; no partial write-backs have been made on impaired financial assets.

Breakdown by maturity of net performing loans to customers, amounting to €664,318 thousand (€636,519 thousand as at December 31, 2013), is as follows:

- not past due of €642,144 thousand (€617,858 thousand as at December 31, 2013);
- not-impaired, past due between 1 day and 90 days of €21,702 thousand (€18,015 thousand as at December 31, 2013);
- not-impaired, past due between 90 days and 180 days of €399 thousand (€451 thousand as at December 31, 2013);
- not-impaired, past due between 180 days and 1 year of €63 thousand (€191 thousand as at December 31, 2013);

- not-impaired, past due by more than 1 year of €10 thousand (€5 thousand as at December 31, 2013);

Other performing loans shown in table A.1.2 are all not past due.

A.1.3 On-balance sheet and off-balance-sheet credit exposures to banks: gross and net values

Type of exposure/Amount	Exposure gross	Specific impairments	Portfolio impairments	Net exposure
A. On-balance sheet exposures				
a) Non-performing loans	-	-	X	-
b) Doubtful loans	-	-	X	-
c) Restructured loans	-	-	X	-
d) Past-due impaired loans	-	-	X	-
e) Other assets	17,086,937	X	-	17,086,937
Total A	17,086,937	-	-	17,086,937
B. Off-balance sheet exposures				
a) Impaired	-	-	X	-
b) Other	840,812	X	-	840,812
Total B	840,812	-	-	840,812

(Amounts in € thousand)

In the above table, item B. "Off-balance sheet exposures" includes the counterparty risk related to repos classified as "Securities Financing Transactions" (SFT), as defined in Bank of Italy prudential regulations, amounting to €439,466 thousand (€401,792 thousand as at December 31, 2013).

There were no securities lending transactions collateralized by other securities or without a cash guarantee with banks.

A.1.4 On-balance sheet credit exposures to banks: trend of gross impaired exposures:

No data to report.

A.1.5 On-balance sheet credit exposures to banks: trend in total impairments

No data to report.

A.1.6 On-balance sheet and off-balance-sheet credit exposures to customers: gross and net values

Type of exposure/Amount	Exposure gross	Specific impairments	Portfolio impairments	Net exposure
A. On-balance sheet exposures				
a) Non-performing loans	18,526	(15,158)	X	3,368
b) Doubtful loans	1,899	(1,280)	X	619
c) Restructured loans	-	-	X	-
d) Past-due impaired loans	1,534	(698)	X	836
e) Other assets	763,365	X	(7,477)	755,888
Total A	785,324	(17,136)	(7,477)	760,711
B. Off-balance sheet exposures				
a) Impaired	-	-	X	-
b) Other	626,886	X	-	626,886
Total B	626,886	-	-	626,886

(Amounts in € thousand)

In the above table, item B. "Off-balance sheet exposures" include the counterparty risk related to securities lending transactions collateralized by other securities and to repos classified as "Securities Financing Transactions" (SFT), as defined in Bank of Italy prudential regulations, amounting to €616,211 thousand (€574,542 thousand as at December 31, 2013).

There were no securities lending transactions without cash guarantees with customers.

A.1.7 On-balance sheet credit exposures to customers: trend of gross impaired exposures:

<i>Source / Categories</i>	<i>Non-performing loans</i>	<i>Doubtful loans</i>	<i>Restructured loans</i>	<i>Past-due loans</i>
A. Opening balance - gross exposure	17,664	2,065	-	1,444

7. Net Profit (Loss) for the year	36,926	85,216
Total	455,766	419,149

(Amounts in € thousand)*(Importi in migliaia)*

Sub- item 3. d) other reserves as at March 31, 2014 includes the profit for the year ended December 31, 2013, of €85,216 thousand, which the Shareholders' Meeting of the Bank on April 15, 2014 resolved to allocate as follows:

- €4,261 thousand to the legal reserve;
- €58,948 thousand to the extraordinary reserve;
- €20,007 thousand euro, equal to €0.033 per share, to the sole shareholder;
- €2,000 thousand as charitable donations.

PART H – RELATED-PARTY TRANSACTIONS

Information on the fees paid to key management personnel and on related-party transactions, according to IAS 24, are shown below.

1. Details of Top Managers' Compensation

Key management personnel are persons having authority and responsibility for planning, directing, and controlling FinecoBank's activities, directly or indirectly. This category includes Board members and members of the Board of Statutory Auditors, pursuant to requirements of the Bank of Italy Circular no. 262 of December 22, 2005 as amended, as well as the CEO, the Deputy General Manager/GBS Manager, the Chief Financial Officer, the PFA Network Commercial Manager, the Direct Bank Manager and the Investment & Wealth Management Services Manager³.

	01.01.2014-03.31.2014	01.01.2013-03.31.2013
Fees paid to "Key Management Personnel", Directors and the Board of Statutory Auditors		
a) short-term benefits	990	512
b) post-employment benefits	53	10
<i>of which under defined benefit plans</i>	-	-
<i>of which under defined contribution plans</i>	53	10
c) other long-term employee benefits	3	-
d) termination benefits	-	-
e) share-based payments	143	101
TOTAL	1,189	623
<i>(Amounts in € thousand)</i>		

2. Related-party transactions

In order to ensure full compliance with current legislative and regulatory provisions on disclosure of related-party transactions, on December 13, 2010, the Company's Board of Directors approved the provisions for related-party transactions, in compliance with the provisions of the Consob Regulation, approved by Resolution No. 17221 of March 12, 2010 and subsequently amended by Resolution No. 17389 of June 23, 2010.

On December 17, 2013, the Board of Directors of the Bank approved the "Global Policy for the management of transactions with parties involving conflicts of interest" (Related Parties as defined by CONSOB, Associated Persons as defined by the Bank of Italy and Bank Officers pursuant to Article 136 of the Consolidated Law on Banking (TUB)" ("Global Policy") issued by the Parent Company UniCredit as part of its management and coordination of subsidiaries. The Global Policy sets out the principles and regulations to monitor risks arising from situations with a potential conflict of interest, and enacts applicable regulations and specifically the provisions of the Consob Related-Parties Regulation, of the Circular of the Bank of Italy no. 263 of December 27, 2006 and Article 136 of the Consolidated Law on Banking ("applicable regulations"). Moreover, on January 27, 2014, the Board of Directors of the Bank approved the UniCredit

³As at March 31, 2013, key managers of the Bank comprised Board members, members of the Board of Statutory Auditors and the CEO. As at March 31, 2014, key managers of the Bank also include the Deputy General Manager/GBS Manager, the Chief Financial Officer, the PFA Network Commercial Manager, the Direct Bank Manager and the Investment & Wealth Management Services Manager, as they have been identified as key managers by the Board of Directors on March 27, 2014.

"Global Operational Instructions for the management of transactions with persons in conflict of interest" that sets out the operating procedures for actual application of the principles and regulations established in the Global Policy.

In the first quarter of the year 2014, two non-standard transactions were carried out with related parties and associated persons, based on the approval of the Board of Directors on March 27, 2014, and specifically:

- a material transaction, concerning the change in the liquidity investment policy of FinecoBank with the Parent Company UniCredit S.p.A.;
- and
- a minor transaction, concerning the appointment of MedioBanca S.p.A. as sponsor for the admission to the listing of the ordinary shares of the Bank.

The above transactions were approved by UniCredit's Related-Parties and Equity Investments Committee and by (i) all members of FinecoBank's Audit Committee, the above transaction with Mediobanca and (ii) only by Independent Directors of the Committee, the new liquidity investment policy. The latter transaction was also examined by the Board of Directors of the Parent Company, on a conservative basis, assuming that at present, due to 100% control, inter-group transactions would be excluded from the above decision-making procedures.

During the first quarter of 2014, inter-group transactions and transactions with related parties in general, both Italian and foreign, were conducted within the ordinary course of business and related financial activities of the Bank and were carried out under conditions similar to those applied to transactions with unrelated third parties. Intra-group transactions were carried out based on assessments of a mutual economic advantage, and the determination of applicable terms and conditions took place in compliance with the criteria of substantial correctness, keeping in mind the common goal of creating value for the entire UniCredit group. The same principle was also applied in relation to the provision of intra-group services, combined with the principle of regulate such services at minimal rate solely to recover related production costs.

With regard to transactions of significant operating, capital and financial importance, during 2012, FinecoBank S.p.A. issued 5 bank guarantees in favor of the Italian Revenue Agency upon request by UniCredit S.p.A., with indefinite duration (specifically of a duration until payment of the underlying sums), for a total amount of €256,065 thousand, plus interest accrued and accruing until request for payment from the Italian Revenue Agency. The bank guarantees have been issued to secure the obligations assumed by UniCredit S.p.A. in relation to five VAT refund suspension orders issued by the Italian Revenue Agency and entail the assumption by FinecoBank S.p.A. of an irrevocable payment commitment on demand, within 30 days and without any exceptions. In the previous year, following the settlement of an assessment notice issued by the Regional Department of Liguria, for €4,505 thousand, replaced by another assessment notice issued by the same Department up to the amount settled, a guarantee already issued by FinecoBank S.p.A. was replaced, with amounts unchanged; this transaction did not change commitments undertaken according to the forms, procedures and risks already measured during 2012. No changes occurred in the first quarter of 2014.

The following table shows the outstanding assets, liabilities, guarantees and commitments as at March 31, 2014 for each group of related parties according to IAS 24:

	Amounts as at March 31, 2014			
	Joint ventures not consolidated	Associates	Directors and key personnel	Other related parties
Financial assets held for trading	-	-	-	30
Financial assets at fair value through profit or	-	-	-	-
Loans and receivables with banks	-	-	-	-
Loans and receivables with customers	-	-	6	6,745
Other assets	-	-	-	47
Total assets	-	-	6	6,822
Deposits from banks	-	-	-	812
Deposits from customers	-	-	823	8,522
Financial liabilities held for trading	-	-	-	-
Tax liabilities	-	-	-	-
Other liabilities	-	-	-	113
Total liabilities	-	-	823	9,447
Guarantees given and commitments	-	-	-	-

(Amounts in € thousand)

The following table sets out the impact of the above transactions with related parties on the main Income Statement items, for each group of related parties.

	Income Statement as at March 31, 2014			
	Joint ventures not consolidated	Associates	Directors and key personnel	Other related parties
Interest income and similar revenues	-	-	-	1
Interest expenses and similar charges	-	-	(1)	(2)
Fee and commission income	-	-	-	7,303
Fee and commission expense	-	-	-	(143)
Gains (losses) on financial assets and liabilities h	-	-	-	-
Fair value adjustments in hedge accounting	-	-	-	-
Payroll costs	-	-	-	-
Other administrative expenses	-	-	-	(1,844)
Other operating expense	-	-	-	-
Other administrative income	-	-	-	4
Net impairment losses on loans and provisions for guarantees and commitments	-	-	-	-
Total income statement as at 31 March 2014	-	-	(1)	5,319
Total income statement as at 31 March 2013	-	-	(2)	3,692

(Amounts in € thousand)

With regard to the category "Directors and key personnel", in application of the special regulations laid down in Article 136 of Legislative Decree 385/93 (Consolidated Law on Banking), the obligations established for persons that perform administrative, management and control functions pursuant to those regulations were unanimously approved by a resolution of the Board of Directors with the favorable vote of all members of the Board of Statutory Auditors, in accordance with Article 136 of said Consolidated Law on Banking.

The category "Directors and key personnel" includes dealings with Directors and key personnel of FinecoBank (excluding related fees on which information is provided in point 1 above *Details of Top Managers' Compensation*) and the Parent Company UniCredit, mainly concerning assets for credit card use, liabilities for funds held with the Bank and profits and losses generated from the aforesaid assets and liabilities.

Transactions with "Other related parties" (natural persons and corporate bodies), mainly refer to:

- assets for credit card use, liabilities for funds held with the Bank or securities lending transactions guaranteed by sums of money;

- assets for current receivables associated with the provision of financial services, mainly referring to fees for the placement of asset management and insurance products principally carried out for Aviva S.p.A., BlackRock (Channel Islands) Limited, CNP UniCredit Vita S.p.A., CreditRas Vita S.p.A. and Pimco Europe Ltd.;
- profits and losses generated from the above assets and liabilities, mainly referring to subscription and management fee and commission income relative to the placement of asset management and insurance products.

The above item "Other related parties" does not include amounts as at March 31, 2014 and the income components accrued in the first quarter of 2014 relating to the Parent Company UniCredit and the UniCredit group companies, which are presented further below.

TRANSACTIONS WITH THE PARENT COMPANY AND OTHER UNICREDIT GROUP COMPANIES

	Total	Vested Plans	Total	Vested Plans
Costs	190		307	
- connected to Equity Settled Plans	190		307	
Debts paid to UniCredit S.p.A. for vested plans ¹		-		-
Debts paid to UniCredit S.p.A. ¹	1,694		1,346	

(Importi in migliaia)

¹Amount equal to the economic value accrued for services rendered by employees that are the beneficiaries of the plans that grant UniCredit shares.

PART L – SEGMENT REPORTING

The Bank does not provide segment reporting information as its business model provides for a high level of integration among its different activities. FinecoBank offers its services (banking and investment services) through a network of financial advisers and online and mobile channels, that operate in a coordinated and integrated manner. The fully-comprehensive nature of the services offered allows the Bank to act as a one stop solution for customers' banking and investment requirements.

This strategy, which is strongly anchored to the customer, means that revenues and margins relative to various products/services (investing, banking and brokerage) are highly interdependent on each other.

This integration approach has also inspired top management in setting company targets and identifying the means to achieve them.

As regards information on revenues from customers by product/service, in view of the above, reference should be made to information in Part C - Information on the income statement of these notes.

FinecoBank mainly targets retail customers in Italy; information concerning geographic segments and the degree of dependency on main customers is therefore considered by top management as not being of material importance for information purposes, and is not therefore disclosed.
